From Page to Proclamation Clare Schwantes, 2024-11-19 This pioneering work invites readers to embark on a transformative journey through the heart of liturgical worship and scriptural proclamation It introduces a new tier to biblical hermeneutics exploring the ways in which the liturgical event and the ecclesial community color the interpretation of Scripture Weaving together insights from Gadamer's philosophical hermeneutics with the rich tapestry of Catholic liturgy the author proposes that the meaning of a proclaimed Scripture passage emerges not from an analysis of the text itself but in the vibrant interplay of multiple horizons Bible Lectionary homilist and worshiper Through a lens of play and festival the intricate relationship between tradition and contemporary worship is explored showcasing how the sensory richness of the Catholic liturgy shapes the interpretation of Scripture It challenges readers to view the Lectionary as a living text intimately connected to the worshipping assembly and the modern world This thought provoking work offers both theoretical insights and practical implications for scholars clergy and worshipers alike It inspires a fresh perspective that resonates with the contemporary Catholic experience guiding worshipers toward a profound engagement with Scripture in the dynamic event of liturgical celebration

The Crusades and the Far-Right in the Twenty-First Century Charlotte Gauthier, 2024-09-04 Engaging the Crusades is a series of concise volumes up to 50 000 words which offer initial windows into the ways in which the crusades have been used in the last two centuries demonstrating that the memory of the crusades is an important and emerging subject Together these studies suggest that the memory of the crusades in the modern period is a productive exciting and much needed area of investigation This volume explores how crusading rhetoric iconography and historiography have been purposed by far right nationalist and related groups in the recent past through case studies as varied as Brenton Tarrant who killed 51 people at a mosque and Islamic centre in New Zealand in March 2019 a modern American military order that uses memes to recruit members and spread its ideology and the bestselling video game Assassin's Creed As nationalist and far right ideologies have gained adherents in Europe and the Americas understanding how ideologues have misused the crusading past for their own ends is more important than ever The Crusades and the Far Right in the Twenty First Century is useful for all students and scholars interested in the intersection between the history of the crusades and far right ideology in the modern age

**Cosmos, Liturgy, and the Arts in the Twelfth Century** Margot E. Fassler, 2022-12-06 In Cosmos Liturgy and the Arts in the Twelfth Century Margot E Fassler takes readers into the rich

complex world of Hildegard of Bingen's *Scivias* meaning 'Know the ways' to explore how medieval thinkers understood and imagined the universe Hildegard renowned for her contributions to theology music literature and art developed unique methods for integrating these forms of thought and expression into a complete vision of the cosmos and of the human journey *Scivias* was Hildegard's first major theological work and the only one of her writings that was both illuminated and copied by scribes from her monastery during her lifetime It contains not just religious visions and theological commentary but also a shortened version of Hildegard's play *Ordo virtutum* Play of the virtues plus the texts of fourteen musical compositions These elements of *Scivias* Fassler contends form a coherent whole demonstrating how Hildegard used theology and the liturgical arts to lead and to teach the nuns of her community Hildegard's visual and sonic images unfold slowly and deliberately opening up varied paths of knowing Hildegard and her nuns adapted forms of singing that they believed to be crucial to the reform of the Church in their day and central to the ongoing turning of the heavens and to the nature of time itself Hildegard's vision of the universe is a Cosmic Egg as described in *Scivias* filled with strife and striving and at its center unfolds the epic drama of every human soul embodied through sound and singing Though Hildegard's view of the cosmos is far removed from modern understanding Fassler's analysis reveals how this dynamic cosmological framework from the Middle Ages resonates with contemporary thinking in surprising ways and underscores the vitality of the arts as embodied modes of theological expression and knowledge

*Sent Out into the World* Michael McGourty, 2024-01-29 *Sent Out into the World* contains a liturgical theology for a parish community and the new evangelization that is derived from a reading of The Order of the Dedication of a Church For this reason its content can be attributed directly to a liturgical rite of the Catholic Church It is not the creation of any one person

but rather an exercise in *lex orandi lex credendi*. It presents a vision of the parish that comes directly from a rite of the church and focuses the parish community and its members on the mission that it has within the body of Christ. Applying the content of the *ordo* to a parish community it presents a theology for those communities in which most Catholics meet the Lord and practice their faith. The liturgical theology for a parish community that is presented here focuses all parish communities on Christ and his presence in the liturgical celebrations that take place in the parish churches. As this ritual powerfully reminds the baptized from the liturgical and sacramental celebrations in which they encounter Christ in their parish church, the faithful are to be sent out into the world as ministers of the new evangelization. By reading this book every Christian who practices his or her faith within a parish community will be reminded of the mission which they are called to live as members dismissed to go into the world at the end of every eucharistic celebration.

**Mothering, Public Leadership, and Women's Life Writing** Claire Wolfeitch, 2017-07-31. In *Mothering Public Leadership and Women's Life Writing* Claire E. Wolfeitch presents a series of case studies in Christian spirituality bringing mothers' autobiographical writing into focus for theological reflection. From the medieval mystic Margery Kempe to the twentieth-century activist Dorothy Day from African American preacher Jarena Lee to labor organizer Dolores Huerta, the book mines women's first-person writing surfacing critical issues for theological analysis. Listening deeply to these diverse maternal voices, the book advances creative theological reflection on work, vocation, time, poverty, Sabbath, and spiritual guidance. *Mothering Public Leadership and Women's Life Writing* demonstrates the significance of the study of mothering for theology and spirituality studies and the import of life writing as an underutilized source for practical theology.

**The Church in Act** Maxwell E. Johnson, 2015. *The Church in Act* explores the dynamics of ecclesial and liturgical theology, examining the body of Christ in action. Maxwell E. Johnson provides in this volume historical and doctrinal thinking on a diversity of liturgical subjects under the umbrella of Lutheran liturgical theology in ecumenical conversation. **Conservative Liberalism, Ordo-liberalism, and the State** Kenneth Dyson, 2021-01-21. This book uses extensive original archival and elite interview research to examine the attempt to rejuvenate liberalism as a means of disciplining democracy and the market through a new rule-based economic and political order. This rebirth took the form of conservative liberalism and in its most developed form, *Ordo liberalism*. It occurred against the historical background of the great transformational crisis of liberalism in the first part of the twentieth century. Conservative liberalism evolved as a cross-national phenomenon. It included such eminent and cultured liberal economists as James Buchanan, Frank Knight, Henry Simons, Ralph Hawtrey, Jacques Rueff, Luigi Einaudi, Walter Eucken, Friedrich Hayek, Alfred Müller-Armack, Wilhelm Röpke, Alexander Rüstow, and Paul van Zeeland, as well as leading lawyers like Louis Brandeis.

Franz B hm and Maurice Hauriou Conservative liberals also played a formative role in establishing new international networks notably the Mont P lerin Society The book investigates the rich intellectual inheritance of this variant of new liberalism from aristocratic liberalism ethical philosophy and religious thought It also locates the social basis of conservative liberalism and Ordo liberalism in the cultivated bourgeois intelligentsia The book goes on to examine the attempts to embed this new disciplinary form of liberalism in Britain France Germany Italy and the United States and to consider the determinants of its varying significance across space and over time It concludes by assessing the historical significance and contemporary relevance of conservative liberalism and Ordo liberalism as liberalism confronts a new transformational crisis at the beginning of the new millennium Is their promise of disciplining democracy and the market a hollow one [Touched by Christ: The Sacramental Economy](#) Lawrence Feingold,2021-05-07 The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion binding the members together with God and one another Touched by Christ The Sacramental Economy is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church s sacraments constitute channels of grace nurture supernatural life and heal us from our sins Lawrence Feingold expertly describes the nature of the sacraments their purpose fittingness and relationship with Christ and the New Covenant their relationship with the Old Covenant rites that prefigured them the character and grace that they communicate and the nature of their causality Touched by Christ shows that the sacraments of the New Covenant should be understood as instruments of Christ s humanity that are used as words of power to communicate the sanctification that they signify infuse grace communicate the Holy Spirit and build up ecclesial communion in those who receive them with the right dispositions [Close the Workshop](#) Peter Kwasniewski,2025-02-27 The Mass of Paul VI is so deeply flawed that it cannot be repaired from within whether by copious helpings of smells and bells by arbitrary attempts at traditionalizing or by an official reform of the reform and the Roman Mass inherited from the Age of Faith did not and does not need to be reformed along antiquarian or pastoral utilitarian lines as it fulfills the highest act of religion in a fitting manner perfected over many centuries of prayerful practice The liturgical revolution driven by ideology culminated in balkanization banality and boredom its fabrications must be retired from use and the traditional rite must be restored to its rightful place of honor in the Church of the Latin rite Such are the bold claims defended in Close the Workshop Why the Old Mass Isn t Broken and the New Mass Can t Be Fixed in which Peter Kwasniewski refutes the reformers own case for reforming the old rite and illustrates the subtle dangers to which clergy and laity are exposed by attempts at doing the new rite reverently Simultaneously he reminds traditionalists that they should aspire to the noblest possible celebration of the Mass always faithfully observing the rubrics and resisting bad habits that interfere with the rite s full splendor and efficacy unseemly haste minimalism ineptitude and the itch for pastoral experimentation If the Catholic Church in the West is ever to recover her internal soundness and external cultural influence her shepherds and her flocks

must let the ill advised Council of the 1960s and the Bauhaus liturgy cobbled together in its name lapse into obsolescence so that the perennially fresh theology of the Council of Trent and the immortally beautiful liturgy of the Roman Church may once again flourish unfettered
