Retaining the format that made the previous editions bestsellers in their own right, the fourth edition of *Process Control and Optimization* continues the tradition of providing quick and easy access to highly practical information. With more than 2000 graphs, figures, and tables, this all-inclusive encyclopedic volume replaces an entire library with one authoritative reference. The fourth edition brings the content of the previous editions completely up to date, incorporates the developments of the last decade, and broadens the horizons of the work from an American to a global perspective. Liptak speaks on Post Oil Energy Technology on the AT T Tech Channel. **Official Gazette of the United States Patent Office**, United States Patent Office, 1964. **Catalog of Copyright Entries**, Library of Congress, Copyright Office, 1952.
