Judging and Emotion Sharyn Roach Anleu,Kathy Mack,2021-02-03 Judging and Emotion investigates how judicial officers understand experience display manage and deploy emotions in their everyday work in light of their fundamental commitment to impartiality Judging and Emotion challenges the conventional assumption that emotion is inherently unpredictable stressful or a personal quality inconsistent with impartiality Extensive empirical research with Australian judicial officers demonstrates the ways emotion emotional capacities and emotion work are integral to judicial practice Judging and Emotion articulates a broader conception of emotion as a social practice emerging from interaction and demonstrates how judicial officers undertake emotion work and use emotion as a resource to achieve impartiality A key insight is that institutional requirements including conceptions of impartiality as dispassion do not completely determine the emotion dimensions of judicial work Through their everyday work judicial officers construct and maintain the boundaries of an impartial judicial role which necessarily incorporates emotion and emotion work Building on a growing interest in emotion in law and social

sciences this book will be of considerable importance to socio legal scholars sociologists the judiciary legal practitioners and all users of the courts
