

Mirror, mirror - Teacher Guide

Introduction

In this activity, test the Law of Reflection based on experimental evidence. However, the back-silvered glass mirrors present a twist. As light travels from air into glass, it changes direction (refracts), reflects off the shiny metal back coating, then changes direction again upon emerging from the glass. The reflected ray may not match up with students' expectations, and offers them a challenge to work out what happened as the light traveled into and out of the mirror. Mirrors are everywhere: in our cars, bathrooms, shiny metal surfaces, water, and windows. Large astronomical telescopes use curved mirrors (a rigid glass or polymer coated with a metal) to focus starlight on to electronic detectors.

Objective

Students produce raw data and explanations based on their data. Their raw data are their pencil tracings of incident and reflection rays.

Essence of the Wondrous Lotus Sutra Chapter 1: Introductory Chapter Shih Cheng Yen, 2023-05-01 Introduction The Wondrous Dharma Lotus Flower Sutra teaches the Bodhisattva Way which is the original intent of all buddhas in opening the provisional to reveal the true It is the Middle Way where matters and principles are in harmony it is the perfect teaching of wondrous existence in true emptiness It is the king of all sutras the ultimate reality of the One Vehicle and the one teaching that leads to buddhahood The Lotus Sutra consists of Twenty Eight Chapters divided into three parts Preface Main Teachings and Transmission The Introductory Chapter is the Preface The Jing Si Dharma Essence of the Wondrous Lotus Sutra combines the wondrous meanings of the sutra text with Dharma Master Cheng Yen's notes as she explains the Dharma The two parts connect and complement each other skillfully explaining the Dharma in subtle and wondrous detail and revealing the wondrous state of the extremely profound true Dharma **The Wonder of Presence** Toni Packer, 2002-04-16 In this

compelling collection of talks interviews and letters Toni Packer provides a comprehensive overview of the path of meditative inquiry a nondenominational approach to spiritual growth that emphasizes the direct experience of the present moment The immense challenge for each one of us Packer writes is can we live our lives at least for moments at a time in the wonder of presence that is the creative source of everything She shows how we can transform fear anger guilt and attachment to our self image through simple direct awareness Having recently lost her husband of fifty years Packer also speaks with candor and tenderness about the convulsions of a grieving heart and the peace that undivided awareness can bring Toni Packer began studying Zen in 1967 with Roshi Philip Kapleau author of The Three Pillars of Zen at the Rochester Zen Center and was eventually named his successor Seeing the potentially destructive effects of relying too much on tradition however she did not accept the position Packer is strongly influenced by the teachings of Krishnamurti and has turned away from the traditional forms and hierarchies that are prevalent in many Buddhist schools Her approach is appealing to many Westerners who find institutionalized practices such as chanting bowing and burning incense to be alien and unnecessary Breaking the Silence Ellen Grünkemeier, 2013 Examines the South African HIV AIDS epidemic through creative texts and the impact of these representations in determining which issues receive attention and how public understanding of the virus is shaped South Africa is one of the countries in the world most affected by HIV AIDS and yet until recently the epidemic was barely visible in South African literature Much can be gained from approaching the South African epidemic through creative texts

such as novels photographs films cartoons and murals because they produce and circulate meanings of HIV AIDS and its various facets such as its origin transmission routes and physical manifestations Other aspects explored are the denial of HIV AIDS its stigmatisation discriminatory practices modes of disclosure access to anti retroviral medication as well as the role of alternative treatment Creative texts which are open to different and possibly contradictory readings can serve as a starting point to increase the cultural visibility of the virus and to challenge dominant ideas about the epidemic The cultural constructions of HIV AIDS should be carefully examined because the meanings are pervasive and have very real consequences they play a powerful role both in determining which issues receive attention and in shaping public understanding of the virus Ellen Gr nkemeier is a lecturer and researcher in the English Department at Leibniz University of Hanover Germany Her publications include two co edited volumes on postcolonial literatures and cultures *Listening to Africa Anglophone African Literatures and Cultures* 2012 and *Postcolonial Studies across the Disciplines ASNEL Papers* 19 forthcoming
