**En ce temps-là. Notes sur Louis Althusser** Clément Rosset, 1992-06-05 La parution récente du livre posthume de Louis Althusser L'avenir dure longtemps suivi de Les Faits ditions Stock IMEC 1992 m incite noter comme en marge quelques souvenirs et réflexions sur une période et un homme que j'ai connus la fois de très près et de très loin De très près car j'étais de 1961 à 1965 l'élève normalien supérieur et comme philosophe directement en contact avec Althusser qui assurait assez théoriquement il est vrai non au sens althusserien mais au sens courant du terme la préparation au concours d'agrégation de philosophie De très loin car j'étais complètement indifférent à l'effervescence intellectuelle qui régnait alors à l'école et autour de la personne d'Althusser dont je dépendais immédiatement de suivre les cours moins par mépris de ceux-ci que par refus instinctif de m'associer au petit groupe de ceux qui les suivaient L'alliance chez Althusser de la plus extrême lucidité et de la plus totale folie alliance contre nature j'y reviendrai qui fait d'Althusser un cas au sens où l'on parle d'un cas Wagner ou d'un cas Nietzsche m'a paru digne de réflexion Ce cas est en effet doublement instructif éclairant d'un même coup de projecteur ce qu'il peut y avoir de plus raisonnable et de plus insens dans le fonctionnement du cerveau humain Clément Rosset Cet essai est paru en 1992 Louis Althusser and the Traditions of French Marxism William S. Lewis, 2005-01-01 In a careful exposition of French Marxism William Lewis places Althusser and his thought alongside the pre and post war French communist intellectual climate the result is an excellent and unique work Part theoretical treatise on some of Althusser's more complicated and less explored ideas part intellectual history Louis Althusser and the Traditions of French Marxism is in total an important text for philosophy French and francophone studies political thought cultural studies marxist thought and several other disciplines interested in the intellectual life and times of the twentieth century Louis Althusser Warren Montag, 2002-12-17 The publication of Louis Althusser's autobiography The Future Lasts Forever shattered the myth of Althusser as austere structural Marxist It not only illuminated the private life of this public thinker but suggested that his previously published works could be read very differently Louis Althusser is the first major overview of Althusser's work since the publication in French of thousands of pages of essays books and letters unknown before 1990 and makes a strong case for a radical reconsideration of his work in the light of this new material Focusing particularly on Althusser's writings on art theatre and literature as well as those of Althusser's collaborator Pierre Macherey Warren Montag traces the contradictory development of Althusser's thought from the early sixties to his autobiography Additional material includes an annotated bibliography of texts by and on Althusser and the book also features a previously untranslated essay by the theorist on Brecht and Marx *Louis Althusser et quelques autres* Emile Jalley, 2014-06-01 Les Cours pour la préparation à l'agrégation de philosophie de l'année 1958-1959 de Louis Althusser et Jean Hyppolite forment 150 pages de documents originaux totalement inconnus jusqu'à ce jour et d'une remarquable qualité de pensée ils sont un témoignage précieux de l'état encore brillant de la philosophie universitaire au tournant des années 60 Un véritable scoop aussi est la découverte d'un Louis

**Machiavelli and Us** Louis Althusser, 2011-01-10 We do not publish our own drafts that is our own mistakes but we do sometimes publish other people's Louis Althusser once observed of Marx's early writings Among his own posthumously released drafts one at least is incontestably neither mistake nor outtake the text of his lecture course on Machiavelli originally delivered at the École Normale Supérieure in 1972 intermittently revised up to the mid 1980s and carefully prepared for publication after his death in 1990 Though only appearing as an occasional reference in the Marxist philosopher's oeuvre Machiavelli was an unseen constant presence For together with Spinoza and Marx Machiavelli was a veritable Althusserian passion Machiavelli and Us reveals why and will be welcomed for the light it sheds on the richly complex thought of its author

Politics and History Louis Althusser, 2020-05-05 In the first two essays of this book Louis Althusser analyses the work of two of the greatest thinkers of the Enlightenment Montesquieu and Rousseau He shows that although they made considerable advances towards establishing a science of politics particularly in comparison with the theorists of natural law they nevertheless remained the victims of the ideologies of their day and class Montesquieu accepted as given the political notions current in French absolutism Rousseau attempted to impose by moral conversion an already outdated mode of production The third essay examines Marx's relationship to Hegel and elaborates on the discussions of this theme in Althusser's earlier books For Marx and Lenin and Philosophy Althusser argues that Marx was able to establish a theory of historical materialism and the possibility of a Marxist philosophy of dialectical materialism not simply by turning his back on Hegel but by extracting and converting certain categories from Hegel's Logic and applying them to English political economy and French socialist political theory

*Louis Althusser* Luke Ferretter, 2007-05-07 Best known for his theories of ideology and its impact on politics and culture Louis Althusser revolutionized Marxist theory His writing changed the face of literary and cultural studies and continues to influence political modes of criticism such as feminism postcolonialism and queer theory Beginning with an introduction to the context of Marxist theory this book goes on to explain how Althusser interpreted and developed Marx's work the political implications of reading ideology and its significance for culture and criticism Althusser's aesthetic criticism of literature theatre and art Placing Althusser's key ideas

in the context of earlier Marxist thought as well as tracing their development and impact Luke Ferretter presents a wide ranging yet accessible guide ideal for those new to the work of this influential critical thinker

**Letters to Franca (1961-1972)** Louis Althusser, 2025-02-20 Letters to Franca offers an extensive selection from the 500 or so extraordinary letters Louis Althusser addressed to Franca Madonia between 1961 and 1972 the most productive period in Althusser's life and the time when his most characteristic works were being elaborated and first received This correspondence allows therefore a unique insight into Althusser's theoretical and political trajectory giving an intimate account of the establishment of Althusserian Marxism and the intellectual historical and institutional milieu within which it came to prominence It also charts the singular story of Althusser's relationship with Franca whom he encountered in 1961 and who became his lover intellectual confidante and Italian translator the letters thus have a quasi novelistic dimension and afford a gripping vision of a remarkable couple the chronicle of a passion Their correspondence consequently exhibits an exceptionally diverse tonal range alternately analytical lyrical ludic and sombre displaying an investment in language and expression barely suggested by Althusser's previously published work At once the diary of an intellectual political existence and the narrative of a coup de foudre these letters also uniquely provide an astonishingly self reflexive account of Althusser's experience of manic depression inviting the reader to witness its sometimes exhilarating sometimes devastating effects upon his private and public being Featuring an extensive record of Althusser's long term engagement with the thought and practice of psychoanalysis Letters to Franca bids the reader here and throughout to accompany Althusser on a fascinating journey between theory and life

**Louis Althusser , Althusser** Gregory Elliott, 2020-05-05 In the international renaissance of Marxist theory during the 1960s and early 1970s few projects generated as much excitement or controversy as Louis Althusser's return to Marx One of the most ambitious enterprises in the post war history of Marxism Althusser's reconstruction of Marx's doctrine was heralded as a new start in some quarters dismissed as a refurbished Stalinism in others Today more than twenty years after the appearance of his major works and amidst the profound contemporary crisis of Marxism Althusser is the victim rather than the beneficiary of philosophical fashion Paradoxically the oblivion into which he has now fallen affords the opportunity for a return to Althusser a reassessment that advances beyond the unconsidered responses that Marxist commentators have often given to his work In this first full scale study in English of Althusser's career Gregory Elliott draws on a wide range of untranslated material surveying the political and intellectual context of Althusser's initiative in For Marx and Reading Capital He analyses the nature of the Marxism developed in these works and charts their author's subsequent evolution concluding with a balance sheet of the French Marxist's contribution to historical materialism At once sympathetic and critical Althusser The Detour of Theory will establish itself as the standard introduction to its subject

**Que faire ?** Louis Althusser, 2018-09-19 T00:00:00+02:00 Que faire Telle tait la question que se posa L nine en 1901 alors qu il prouvait des doutes sur la capacit r volutionnaire du monde ouvrier russe Soixante dix sept ans plus tard

Louis Althusser décide de se l'adresser aussi. Confronté au reflux de Mai 68 et aux renoncements successifs du Parti communiste, il souhaite offrir ses lecteurs un bref vade-mecum pour la révolution venir. Un vade-mecum ramassé et tranchant, brillant et nerveux, tout entier tourné vers un objectif : parvenir à organiser la lutte de la classe populaire de telle sorte qu'elle puisse l'emporter sur la classe bourgeoise. Pour Althusser, c'est l'occasion d'une critique virtuose des critiques d'Antonio Gramsci et de l'eurocommunisme qui séduisent alors de nombreux marxistes. Mais c'est surtout l'opportunité de tenter de dire, en quelques pages, ce qu'il n'avait pas réussi à noncer ailleurs : quelles conditions concrètes faut-il satisfaire pour qu'enfin la révolution ait lieu. *Left unfinished* : il est publié ici pour la première fois. **Althusser philosophe** Pierre Raymond, 1997 **Louis Althusser (1918-1990)**, 1991 **What is to be Done?** Louis Althusser, 2020-11-09. What is to be done? This was the question asked by Lenin in 1901 when he was having doubts about the revolutionary capabilities of the Russian working class. 77 years later, Louis Althusser asked the same question. Faced with the tidal wave of May 68 and the recurrent hostility of the Communist Party towards the protests, he wanted to offer readers a succinct guide for the revolution to come. Lively, brilliant and engaged, this short text is wholly oriented towards one objective: to organise the working class struggle. Althusser provides a sharp critique of Antonio Gramsci's writings and of Eurocommunism, which seduced various Marxists at the time. But this book is above all the opportunity for Althusser to state what he had not succeeded in articulating elsewhere: what concrete conditions would need to be satisfied before the revolution could take place. *Left unfinished* : it is published here in English for the first time. Écrits philosophiques et politiques Louis Althusser, 2001. Les critiques publiées dans ce volume appartiennent toutes à la période de maturité de Louis Althusser, dont la richesse ne se réduit pas aux ouvrages qui l'ont rendu célèbre. Althusser fut ainsi un prodigieux lecteur des classiques de la philosophie. Travail de toute une vie. Machiavel et nous : qui ouvre ce recueil est sans conteste une de ses œuvres maîtresses. Il est suivi d'un texte sur Feuerbach où se déploie un même principe : une philosophie ne vaut que par les espaces qu'elle ouvre. La seconde partie de ce livre est consacrée à l'un des grands objectifs d'Althusser : construire une définition de la philosophie. Elle propose un état de sa réflexion en 1967-1968, avec son cinquième Cours de philosophie pour scientifiques et un ensemble de notes philosophiques où l'on peut voir une pensée à la recherche d'elle-même. Un troisième ensemble met en évidence l'agitateur politique en philosophie qu'Althusser se plaisait à être. On y trouve notamment une conférence sur la conjoncture philosophique et une longue mise au point sur la Querelle de l'humanisme. Les critiques sur fait confirment enfin la place du théoricien dans le travail théorique de Louis Althusser, tandis que ses textes sur la peinture rayonnent du bonheur de la liberté. Louis Althusser, récit d'un Jean Allouch, 1992.
