Girlfriend, Your House is a Mess Venez C. Allen, 2014-10-08 You deserve to be in a good place every day of your life No one can take that from you It's your place your house and your life Enjoy it Getting to the top floor in life is a simple and easy process In life we go through so many levels to obtain serenity Women experience highs and lows from day to day with various relationships life stresses or just not being in a good place emotionally It takes work to get to a good place which I call the top floor When one reaches the top floor in life you will then be consistently peaceful and learn how to handle those little annoyances that show up Before you know it your mindset changes and you begin to put everything in its proper perspective EVERYTHING The purpose for your existence becomes a reality and you thrive to fulfill your dreams The opinions and the negative thoughts of others seem to bounce off like water on plastic Your affiliations are those of positive nature and who are uplifting to your spirit but can also offer constructive criticism without tearing you down The windows of your soul are open wider to view all the beauty that God has in store you begin to see more clearly The beauty of living is that you can do it and be free that's when you know that you have reached the top floor
