Nissan Almera P1251 Engine Trouble Code

When the check engine light comes **Nissan Almera P1251** code on the first you should check is the gas cap. Pull over, retighten it, and take a look at the cap to see if it has any cracks in it. All you need to do is take the old one off and screw on the new one. If you've already made it to the store, you might as well just replace it. While not car-threatening, it's good to take care of this right away to improve gas mileage.
