A Conservative's Treatise On Modern Capitalism In The United States John Bredfeldt,2018-07-27 Finally a book that shows that conservative economics is neither fantasy nor voodoo and also explains conservative economics in language and terms meant for the nonprofessional layperson This manuscript provides the argument that conservative economics is based on sound economic theory all the way back to Adam Smith the father of modern day economics This book first provides the reader with the theoretical bases of conservative economics stated in understandable lay terms Along with the theory it identifies general public policies consistent with the conservative theory with clearly stated justifications to the conservative policy doctrines The second part of this book is focused on proposing public policies on a number of current national economic issues complete with arguments on behalf of those policies Throughout this manuscript Judeo Christian values underlie the economic theory and policies proposed Contained herein is perhaps the first most truly comprehensive composition on conservative economics ever written

Figuring Out the Tax Lawrence Zelenak,2018-04-26 *Figuring Out the Tax* recounts the forgotten early development of the federal income tax in the US resulting from the interplay between Congress and the Treasury Department in the decades following the enactment of the tax in 1913 It covers a wide range of topics including the income tax treatments of marriage capital losses

charitable contributions and homeownership as well as the rise demise and resurrection of income tax withholding Lawrence Zelenak deftly illustrates how the income tax achieved its current form through a range of stories which are new to tax history scholarship and involve some remarkable personalities and surprising plot twists Although of particular interest to tax academics and professionals this book will also serve as a useful introduction to the development of income tax for undergraduate students and law students

The Trickle-Down Delusion John Seip, Dee Wood Harper, 2016-05-02 From inside the book Since 1980 the economy has been growing and productivity has been growing but trickle down values that we the American people promote pursuant to the Republican Party's conservative ideology have rigged the economy to continuously upwardly redistribute those revenues attributable to our increased productivity yielding a productivity wage disconnect resulting in increased concentration of income and wealth at the top in corporations and among older Americans beneficiaries of income from Social Security pensions and investments and continuing income due to delaying retirement and the lowest percentage of GDP attributable to wages and highest attributable to profits since World War II But trickle down has not only distorted our economic thought it has also distorted our political thought our sociology and our concept of the rule of law The result has been that the trickle down policies promoted by the Republican Party are undermining our economy democracy institutions and health For further discussion contact author at johnjseip@gmail.com

Tax Politics and Policy Michael Thom, 2017-02-03 Taxes are an inescapable part of life They are perhaps the most economically consequential aspect of the relationship between individuals and their government Understanding tax development and implementation not to mention the political forces involved is critical to fully appreciating and critiquing that relationship Tax Politics and Policy offers a comprehensive survey of taxation in the United States It explores competing theories of taxation's role in civil society investigates the evolution and impact of taxes on income consumption and assets and highlights the role of interest groups in tax policy This is the first book to include a separate look at sin taxes on tobacco alcohol marijuana and sugar The book concludes with a look at tax reform ideas both old and new This book is written for a broad audience from upper level undergraduates to graduate students in public policy public administration political science economics and related fields and anyone else that has ever paid taxes
