Gone Hollywood A Romantic Comedy English Edition:

Writing the Comedy Movie Marc Blake, 2015-12-17 A practical guide to creating the comedy movie referencing its subgenres history and tropes along with exclusive interviews with craft practitioners **Billy Wilder** Joseph McBride, 2021-10-26 The director and cowriter of some of the world's most iconic films including *Double Indemnity* *Sunset Blvd* *Some Like It Hot* and *The Apartment* Billy Wilder earned acclaim as American cinema's greatest social satirist Though an influential fixture in Hollywood Wilder always saw himself as an outsider His worldview was shaped by his background in the Austro-Hungarian Empire and work as a journalist in Berlin during Hitler's rise to power and his perspective as a Jewish refugee from Nazism lent his films a sense of the peril that could engulf any society In this critical study Joseph McBride offers new ways to understand Wilder's work stretching from his days as a reporter and screenwriter in Europe to his distinguished as well as forgotten films as a Hollywood writer and his celebrated work as a writer-director In contrast to the widespread view of Wilder as a hardened cynic McBride reveals him to be a disappointed romantic Wilder's experiences as an exile led him to mask his sensitivity beneath a veneer of wisecracking that made him a celebrated caustic wit Amid the satirical barbs and exposure of social hypocrisies Wilder's films are marked by intense compassion and a profound understanding of the human condition Mixing biographical insight with in-depth analysis of films from throughout Wilder's career as a screenwriter and director of comedy and drama and drawing on McBride's interviews with the director and his collaborators this book casts new light on the full range of Wilder's rich complex and distinctive vision **Cincinnati Magazine**, 1987-02 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **A Short History of Film, Third Edition** Wheeler Winston Dixon, Gwendolyn Audrey Foster, 2018-03-30 With more than 250 images new information on international cinema especially Polish Chinese Russian Canadian and Iranian filmmakers an expanded section on African American filmmakers updated discussions of new works by major American directors and a new section on the rise of comic book movies and computer-generated special effects this is the most up-to-date resource for film history courses in the twenty-first century **TLA Video & DVD Guide 2005** David Bleiler, 2004-10 This 2005 edition of the annual critical guide that focuses on independent and international films as well as the best in the mainstream contains reviews for more than 10,000 films more than 300 photos a comprehensive selection of cinema from more than 50 countries and much more Light and Variable Connie Cronley, 2006 Against a backdrop of celebrations and seasons the author marvels at subjects close to her heart in this collection of honest unpretentious essays laced with self-deprecating humor that take the reader on a romp through the special occasions of the calendar year Love Wars Mary Irwin, 2025-02-06 This is the first dedicated overview of the international television romantic comedy genre Mary Irwin builds on the critical work on cinematic romantic comedy to offer a dedicated critical analysis of the romantic comedy on the small screen Drawing on series from the 1960s to the present day

Irwin presents five themed chapters around the theme of romantic love from searching for it and finding it to the love wars of the book's title to finding love later in life and in places you didn't expect. Chapters explore the genre's key recurrent themes: evolving attitudes to love, relationships, sex, class, and money; feminism and post-feminism; changes in the nuclear family dramatised through contrasting romantic relationships and shifting discourses of masculinity, situating them within the specific socio-historic and cultural context in which the series are set. Throughout Irwin underscores the centrality of women, their friendships and their personal and professional lives and experiences to the television romantic comedy genre, demonstrating that it is the prominence of female characters and their interests and concerns which have most significantly affected the genre's thematic focus. Crucially, this thematic approach allows for explorations both of similarities in representations to be found in series decades apart and the way in which such representations ebb and flow across time. Additionally, the international nature of the comedies selected also makes possible comparison beyond national boundaries.

Passionate Love and Popular Cinema Erica Todd, 2013-12-16 This book analyses the romantic drama and the way that passionate love is presented as the central storyline in popular cinema, drawing upon genre studies and sociology. Exploring the passionate love story as a cinematic form, it also contributes through comparison to research on the romantic comedy.

Hollywood Screwball Comedy 1934-1945 Grégoire Halbout, 2022-01-13 A 2022 CHOICE Outstanding Academic Title. Love at first sight, whirlwind marriages, break-ups, divorces, remarriage. What accounts for the enduring success of the Hollywood madcap comedies of the 1930s? Directed by masters of comedy, Hawks, LaCava, Leisen, Ruggles, and featuring the decade's most iconic stars, Colbert, Dunne, Grant, Hepburn, these films set romantic comedy standards for decades to come. Screwball comedy embarked on two challenging missions: to poke fun at established social norms and to undermine stereotypical depictions of gender roles, putting forward a discourse that postulated the possibility of equality between men and women. Grégoire Halbout's reexamination of screwball comedy provides a comprehensive overview of this sub-genre, eschewing the auteurist approach and including minor works never before analyzed through the screwball lens. His book explains how these screwball stories met the expectations of a booming American middle class, eager for the liberalization of morals, with daring plots, verbal humor, and slapstick techniques. Building on the work of Cavell, Altman, and Gehring, as well as international and French scholarship, Halbout's investigation unfolds in three parts. He first establishes a definition of Hollywood screwball comedy through a cross-sectional analysis of its socio-historical context and an in-depth examination of the genre. He then situates screwball comedy in relation to its institutional context. An exclusive study of archival material explains the emergence of a screwball aesthetic meant to subvert the prohibitions of the 1934 Hollywood Production Code through a verbal and visual rhetoric of diversion and mitigation. Finally, Halbout explores the social function of the genre's placement of romantic intimacy at the center of the public sphere and the democratic debate, confirming that screwball eccentricity upholds America's founding values: freedom of speech, free consent, and contractual engagement. A Short
