Grammatical gender and linguistic complexity I

Francesca Di Garbo , Bruno Olsson , Bernhard Wälchli ,2019 The many facets of grammatical gender remain one of the most fruitful areas of linguistic research and pose fascinating questions about the origins and development of complexity in language The present work is a two volume collection of 13 chapters on the topic of grammatical gender seen through the prism of linguistic complexity The contributions discuss what counts as complex and or simple in grammatical gender systems whether the distribution of gender systems across the world s languages relates to the language ecology and social history of speech communities Contributors demonstrate how the complexity of gender systems can be studied synchronically both in individual languages and over large cross linguistic samples and diachronically by exploring how gender systems change over time In addition to three chapters on the theoretical foundations of gender complexity volume one contains six chapters on grammatical gender and complexity in individual languages and language families of Africa New Guinea and South Asia This volume is complemented by volume two which consists of three chapters providing diachronic and typological case studies followed by a final chapter discussing old and new theoretical and empirical challenges in the study of the dynamics of gender complexity

The Routledge Handbook of African Linguistics

Augustine Agwuele,Adams Bodomo,2018-03-09 The Handbook of African Linguistics provides a holistic coverage of the key themes subfields approaches and practical application to the vast areas subsumable under African linguistics that will serve researchers working across the wide continuum in the field Established and emerging scholars of African languages who are active and current in their fields are brought together each making use of data from a linguistic group in Africa to explicate a chosen theme within their area of expertise and illustrate the practice of the discipline in the continent

The Languages and Linguistics of Africa Tom Güldemann,2018-09-10 This innovative handbook takes a fresh look at the currently underestimated linguistic diversity of Africa the continent with the largest number of languages in the world It covers the major domains of linguistics offering both a representative picture of Africa s linguistic landscape as well as new and at times unconventional perspectives The focus is not so much on exhaustiveness as on the fruitful relationship between African and general linguistics and the contributions the two domains can make to each other This volume is thus intended for readers with a specific interest in African languages and also for students and scholars within the greater discipline of linguistics

The Cambridge Handbook of Phonology Paul de Lacy,2007-02-01 Phonology the study of how the sounds of speech are represented in our minds is one of the core areas of linguistic theory and is central to the study of human language This handbook brings together the world s leading experts in phonology to present the most comprehensive and detailed overview of the field Focusing on research and the most influential theories the authors discuss each of the central issues in phonological theory explore a variety of empirical phenomena and show how phonology interacts with other aspects of

language such as syntax morphology phonetics and language acquisition Providing a one stop guide to every aspect of this important field The Cambridge Handbook of Phonology will serve as an invaluable source of readings for advanced undergraduate and graduate students an informative overview for linguists and a useful starting point for anyone beginning phonological research

An Effort Based Approach to Consonant Lenition Robert Kirchner, 2013-12-16 The first serious typological survey of the lenition process in modern phonological literature

Frontiers of Phonology Jacques Durand, 2014-09-25 Frontiers of Phonology is a collection of essays that present a selective overview of trends in the linguistic analysis of sound structure The essays are written by specialists from Europe Canada and the USA and discuss issues from three broad areas of phonology the nature and representation of phonological features the role and structure of the skeletal tier and syllable structure and the competing claims of derivational and declarative approaches to phonology The book provides a forum for lively discussion of important theoretical topics from various standpoints including metrical and autosegmental phonology dependency phonology and declarative phonology The contributors who are protagonists of these different standpoints compare notes and show the merits of their different approaches The essays discussing derivational issues offer an excellent introduction to the area of constraints based phonology and by covering the phonology of many languages the book provides an understanding of how human languages in general use sound

Multicultural Psychoeducational Assessment Elena L. Grigorenko, 2009-04-13 A very useful resource not only for psychologists and education professionals but universally for all those experts interested in multicultural assessment

Heikki Lyytinen PhD Professor of Developmental Neuropsychology University of Jyväskylä Finland This volume provides a thorough and provocative examination of how different cultures measure intelligence and skill why they use the tools they use and how their assessment methods are changing in the globalizing world The contributors discuss the extent to which methods of assessment are limited and culture bound These methods must be revised and adapted to become relevant to foreign cultures To this end this book uses theoretical models and empirical studies to explore the use and validity of standardized tests language and literacy tests job interviews and other methods of assessment across various cultures from both developed and developing countries Key topics include National and international standards and guidelines for test development and use Limitations of Western assessment tools for populations in the developing world The challenges of measuring abilities and competencies in Hispanics Latinos Developing and adapting language and literacy assessments in Arabic speaking countries Assessing competencies in reading and mathematics in Zambian children

Pushing the boundaries James Essegbey, Brent Henderson, Fiona McLaughlin, Michael Diercks, 2024-11-12 This volume contains some of the papers there were presented at ACAL 51 52 which was organized virtually at the University of Florida A couple were accepted for presentation at ACAL 51 which was canceled because of COVID 19 The theme of ACAL 51 52 was African linguistics pushing the boundaries There are 18 papers and an introduction two phonetics papers five phonology papers nine syntax papers one
