Reading the Romance Janice A. Radway, 2009-11-18 Originally published in 1984 Reading the Romance challenges popular and often demeaning myths about why romantic fiction one of publishing s most lucrative categories captivates millions of women readers Among those who have disparaged romance reading are feminists literary critics and theorists of mass culture They claim that romances enforce the woman reader s dependence on men and acceptance of the repressive ideology purveyed by popular culture Radway questions such claims arguing that critical attention must shift from the text itself taken in isolation to the complex social event of reading She examines that event from the complicated business of publishing and distribution to the individual reader s engagement with the text Radway s provocative approach combines reader response criticism with anthropology and feminist psychology Asking readers themselves to explore their reading motives habits and rewards she

conducted interviews in a midwestern town with forty two romance readers whom she met through Dorothy Evans a chain bookstore employee who has earned a reputation as an expert on romantic fiction Evans defends her customers choice of entertainment reading romances she tells Radway is no more harmful than watching sports on television We read books so we won't cry is the poignant explanation one woman offers for her reading habit Indeed Radway found that while the women she studied devote themselves to nurturing their families these wives and mothers receive insufficient devotion or nurturance in return In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect The heroines admired by Radway's group defy the expected stereotypes they are strong independent and intelligent That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do Radway argues with the women readers fantasies and choices than with their need to deal with a fear of masculine dominance These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes In fact women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture Paradoxically the books that they read make conventional roles for women seem desirable It is this complex relationship between culture text and woman reader that Radway urges feminists to address Romance readers she argues should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination In a new introduction Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations Harper's Novels Harper & Brothers,1843 *Romance Fiction* Kristin Ramsdell,2012-03-02 A comprehensive guide that defines the literature and the outlines the best selling genre of all time romance fiction More than 2 000 romances are published annually making it difficult for fans and the librarians who advise them to keep pace with new titles emerging authors and constant evolution of this dynamic genre Fortunately romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it including fans searching for reading material as well as for library staff scholars and romance writers themselves This title updates the last edition of *Romance Fiction A Guide to the Genre* published in 1999 While the emphasis is on newer titles many of the important older classics are retained keeping the focus of the book on the entire genre instead of only those titles published during the last decade Specific changes include new chapters on linked and continuing romances a new section on Chick Lit in the Contemporary Romance chapter an expansion of coverage on the alternative reality subset This is THE romance genre guide to have **Writing a Romance Novel For Dummies** Victorine Lieske,Leslie Wainger,2023-02-22 Get your romance writing on Writing a Romance Novel For Dummies is the only reference aspiring writers need to get their careers off to the right start Fully updated to reflect the industry's latest trends and secrets this book helps you understand what makes a

great novel so you can hone your craft and write books people want to read We break down the romance subgenres give you expert tips on plotting and pacing and walk you through the process of finding an agent and getting published in today's competitive market or self publishing like many six figure authors are doing For aspiring writers longing to find success in the industry Writing a Romance Novel For Dummies is easy to read highly informative and a must have Refine your writing to craft engaging stories readers can't put down Find a route to publication that works for you mainstream or self published Understand the ins and outs of the romance genre and its subgenres Learn how to get your work noticed in the popular world of romantic fiction This Dummies guide is perfect for beginning writers who want advice on writing and publishing a successful romance novel It's also a great reference for accomplished writers looking to level up their romance game

Love's Sweet Return Margaret Ann Jensen, 1984 Over one hundred twenty formula romance novels are churned out every month These romantic fantasies for women are big business and earn huge profits for the companies that publish them Love's Sweet Return examines the phenomenon of romance fiction focusing specifically on one of the most successful book publishers in the world the Canadian based Harlequin Enterprises Margaret Jensen details the rise of the company examines the Harlequin formula and evaluates the growth and impact of both Harlequin and its competition She also assesses recent shifts in the content of Harlequins particularly as they pertain to women's changing roles in society **Littell's Living Age**, 1856
