Leading Change in Your School Douglas B. Reeves, 2009-04-14 Guiding schools through significant change is one of the toughest challenges educational leaders face but learning from the examples of those who have succeeded can make it less daunting In *Leading Change in Your School* distinguished author and researcher Douglas B Reeves offers lessons learned through his work with educators in thousands of schools around the world and presents real life examples of leaders who have met the challenge of change head on with impressive results for their schools and districts Readers will also find practical resources for engaging their colleagues in change initiatives Expanding on a number of his columns in the journal *Educational Leadership* Reeves offers insights and recommendations in four areas Creating conditions for change including assessments to determine personal and organizational readiness for change Planning change including cautionary notes about strategic planning Implementing change including the importance of moving from rhetoric to day to day reality and Sustaining change including the need to reorient priorities and values so that individual convenience gives way to a shared sense of the greater good The change leaders both teachers and administrators whose stories Reeves tells come from varied districts but they share a passion for creating schools that work for all students They are Reeves says people like you sharing similar challenges but perhaps with different results

College Disrupted Ryan Craig, 2025-09-23 For nearly two decades pundits have been predicting the demise of higher education in the United States Our colleges and universities will soon find themselves competing for students with universities from around the world With the advent of massive open online courses MOOCs over the past two years predictions that higher education will be the next industry to undergo disruption have become more frequent and fervent Currently a university's reputation relies heavily on the four Rs in which the most elite schools thrive rankings research real estate and rah i e sports But for the majority of students who are not attending these elite institutions the four Rs offer poor value for the expense of a college education Craig sees the future of higher education in online degrees that unbundle course offerings to offer a true bottom line return for the majority of students in terms of graduation employment and wages *College Disrupted* details the changes that American higher education will undergo including the transformation from packaged courses and degrees to truly unbundled course offerings along with those that it will not Written by a professional at the only investment firm focused on the higher education market *College Disrupted* takes a creative view of the forces roiling higher education and the likely outcome including light hearted real life anecdotes that illustrate the author's points
