**Corporate Finance Law** Louise Gullifer, Jennifer Payne, 2015-10-22 The second edition of this acclaimed book continues to provide a discussion of key theoretical and policy issues in corporate finance law Fully updated it reflects developments in the law and the markets in the continuing aftermath of the Global Financial Crisis One of its distinctive features is that it gives equal coverage to both the equity and debt sides of corporate finance law and seeks where possible to compare the two This book covers a broad range of topics regarding the debt and equity raising choices of companies of all sizes from SMEs to the largest publicly traded enterprises and the mechanisms by which those providing capital are protected Each chapter analyses the present law critically so as to enable the reader to understand the difficulties risks and tensions in this area of law and the attempts made by the legislature and the courts as well as the parties involved to deal with them This book will be of interest to practitioners academics and students engaged in the practice and study of corporate finance law

**Hidden in Plain Sight** Peter J. Wallison, 2016-03-29 The 2008 financial crisis like the Great Depression was a world historical event What caused it will be debated for years if not generations The conventional narrative is that the financial crisis was caused by Wall Street greed and insufficient regulation of the financial system That narrative produced the Dodd Frank Act the most comprehensive financial system regulation since the New Deal There is evidence however that the Dodd Frank Act has slowed the recovery from the recession If insufficient regulation caused the financial crisis then the Dodd Frank Act will never be modified or repealed proponents will argue that doing so will cause another crisis A competing narrative about what caused the financial crisis has received little attention This view which is accepted by almost all Republicans in Congress and most conservatives contends that the crisis was caused by government housing policies This book extensively documents this view For example it shows that in June 2008 before the crisis 58 percent of all US mortgages were subprime or other low quality mortgages Of these 76 percent were on the books of government agencies such as Fannie Mae and Freddie Mac When these mortgages defaulted in 2007 and 2008 they drove down housing prices and weakened banks and other mortgage holders causing the crisis After this book is published no one will be able to claim that the financial crisis was caused by insufficient regulation or defend Dodd Frank without coming to terms with the data this book contains
