temperatures He is also going to face blizzards and storms As man has not been built by nature to curl up in a warm cave and hibernate throughout the winter like more sensible animals the onset of winter brings with it the heightened sense of self preservation In olden days all man could do was huddle into a corner around the fire and keep praying for the blizzard to stop During this time he survived on the food that he had stored in his cave or in his place of shelter during the more clement and temperate months of the year As time went by man found that it was easy to transport himself and his family to other places on horseback or in a cart And that is why he managed to look for more temperate regions where the weather was not so harsh before the onset of winter But as time went by nature still kept to her rules of a harsh winter but mankind did not learn much in terms of common sense In fact he persisted on going out in the cold instead of staying under shelter And that is why the popular melodramatic cliché of someone turned from a doorstep on a harsh winters evening remained a popular theme in theaters Even today in 80% of the popular escapist novels the dumb but beautiful heroine single and pregnant in 90% of the cases according to manuscript submission requirements goes driving in a blizzard I told you that she is dumb And the multibillionaire hero rescues her And there is going to be a happily ever after on page 186 because he is going to marry her And there we are we have just wasted our money on another thoroughly idiotic novel In real life she would have died of hypothermia because she is not well clothed does not have fuel and has been buried in a snowdrift

Winter in the Wilderness Dave Hall, 2015-11-18 Camping or backpacking in winter is appealing for many who enjoy the serenity of wilderness settings without the crowds and bustle of the summer season But as rewarding as they can be these outings require special preparation and a different set of skills than are necessary at other times of the year Snowfall can quickly cover one's tracks and make orientation difficult Hypothermia is insidious and rapidly changing weather conditions can become treacherous even life threatening In addition to those who are exploring the outdoors recreationally there are also those who find themselves in unexpected winter survival situations Each year people become stranded in wilderness areas and in most cases they are not equipped to face the challenge of spending an indefinite amount of time outside Without sufficient gear or knowledge of how to improvise without it injury or death is often the result The development of some basic skills however can help avert such unfortunate outcomes As the founder of the renowned nature awareness program Primitive Pursuits Dave Hall has been practicing survival skills for more than twenty years and has amassed a comprehensive understanding of winter survival By refining these skills Dave has reached a point of understanding that is without peer Through detailed explanations illustrations and personal anecdotes *Winter in the Wilderness* imparts Dave's knowledge to readers who will learn to meet their most basic needs making fire creating shelter obtaining safe drinking water navigating terrain and procuring sustenance *Winter in the Wilderness* is a handbook for those who want to explore cold weather camping and those who might find themselves in need of this critical information during an unexpected winter's night out Whether used for pleasure or for survival *Winter in the Wilderness* emphasizes the benefits of enriching and deepening our
