Wiley FRM Exam Review Study Guide 2016 Part I Volume 1 Wiley, 2016-01-19 **The Future of Mobility** Liisa Ecola, Johanna Zmud, Kun Gu, Peter Phleps, Irene Feige, 2015-07 Researchers developed two scenarios to envision the future of mobility in China in 2030 Economic growth the presence of constraints on vehicle ownership and driving and environmental conditions differentiate the scenarios By making potential long term mobility futures more vivid the team sought to help decisionmakers at different levels of government and in the private sector better anticipate and prepare for change

China in Africa Suisheng Zhao, 2017-10-02 China's expansion and growing influence in Africa is arguably the most remarkable global political and economic development in the 21st century China's foray into Africa started in the late 1990s propelled by its desire to obtain new sources of raw materials and energy for its economic growth as well as new markets for its manufactured goods While China's no political strings attached policy proves attractive to many of African leaders China has been criticized as neo colonialist interested solely in stripping Africa of its mineral wealth without proper environmental or social precautions This book addresses the controversy by exploring the motivations and practices of China's African engagement providing a comprehensive account of the intensified interactions between China and African states The first part examines the debate surrounding whether China has pursued a neo colonialist path in Africa by looking at the perception of China by the locals and the challenges that the intensified relationship has posed for African states The second part analyses China's strategic motivations to see if Beijing has acquired sustaining power and influence in Africa in competition with the West The third part focuses on economic and business practices of Chinese companies in Africa as well as China Africa trade patterns The articles in this book were originally published in special issues of the *Journal of Contemporary China* **Handbook of Environmental and Sustainable Finance** Vikash Ramiah, Greg N.

Gregoriou, 2015-10-28 The use of financial concepts and tools to shape development is hardly new but their recent adoption by advocates of sustainable environmental management has created opportunities for innovation in business and regulatory groups The *Handbook of Environmental and Sustainable Finance* summarizes the latest trends and attitudes in environmental finance balancing empirical research with theory and applications It captures the evolution of environmental finance from a niche scholarly field to a mainstream subdiscipline and it provides glimpses of future directions for research Covering implications from the Kyoto and Paris Protocols it presents an intellectually cohesive examination of problems opportunities and metrics worldwide Introduces the latest developments in environmental economics sustainable accounting work and environmental sustainable finance Explores the effects of environmental regulation on the economy and businesses Emphasizes research about the trade environmental regulation nexus relevant for economics and business students

Saudi Arabia in a Multipolar World Zakir Hussain, 2016-04-14 The Kingdom of Saudi Arabia has established itself as the twelfth largest economy in the world the largest West Asian economic power world's largest oil producer and a strong

and capable force in international politics particularly in the Sunni Islamic world However at present it is at crossroads Should it continue as a kingdom or usher in the process of inclusive political representation This volume answers such questions and explores how the state is coping with domestic regional and global developments to remain relevant in the changing times It provides a holistic overview of a slew of economic political cultural military and security policy measures that have been initiated by the government The work also offers a detailed analysis of Saudi Arabia s relations with three significant powers USA China and India and how they are evolving under new geopolitical and geostrategic dynamics This book will interest strategists policymakers researchers and students of international relations geopolitics political science and political economy as well as the informed reader *Family Medicine, 6E* Mindy Ann Smith, Leslie A.
