Lart De Persuader:

Sublime Worlds Emma Gilby,2017-07-05 Some of the language we come across in reading other peoples works or listening to others speak moves us profoundly It requires a response from us it occupies and involves us Writers always readers and listeners as well are fascinated by this phenomenon which became the subject of the classical treatise On the Sublime traditionally attributed to Longinus Emma Gilby looks at this compelling and complex text in relation to the work of three major seventeenth century authors Pierre Corneille Blaise Pascal and Nicolas Boileau She offers in each case intimate critical readings which spin out into broad interrogations about knowledge and experience in early modern French literature

Nicolas Boileau Despréaux,1907 **On Borrowed Time** Harald Weinrich,2010-02-15 Life is short This indisputable fact of existence has driven human ingenuity since antiquity whether through efforts to lengthen our lives with medicine or shorten the amount of time we spend on work using technology Alongside this struggle to manage the pressure of life s ultimate deadline human perception of the passage and effects of time has also changed In On Borrowed Time Harald Weinrich examines an extraordinary range of materials from Hippocrates to Run Lola Run to put forth a new conception of time and its limits that unlike older models is firmly grounded in human experience Weinrich s analysis of the roots of the word time connects it to the temples of the skull demonstrating that humans first experienced time in the beating of their pulses Tracing this corporeal perception of time across literary religious and philosophical works Weinrich concludes that time functions as a kind of sixth sense the crucial sense that enables the other five Written with Weinrich s customary narrative elegance On Borrowed Time is an absorbing and fittingly succinct meditation on life s inexorable brevity **Le Brutus de**
