Lose Your Mother A Journey Along The Atlantic Slave Route:

Lose Your Mother Saidiya Hartman, 2007-01-09 In *Lose Your Mother* Saidiya Hartman journeys along a slave route in Ghana following the trail of captives from the hinterland to the Atlantic coast. She retraces the history of the Atlantic slave trade from the fifteenth to the twentieth century and reckons with the blank slate of her own genealogy. There were no survivors of Hartman's lineage nor far-flung relatives in Ghana of whom she had come in search. She traveled to Ghana in search of strangers. The most universal definition of the slave is a stranger torn from kin and country. To lose your mother is to suffer the loss of kin, to forget your past and to inhabit the world as a stranger. As both the offspring of slaves and an American in Africa, Hartman too was a stranger. Her reflections on history and memory unfold as an intimate encounter with places: a holding cell, a slave market, a walled town built to repel slave raiders and with people an Akan prince who granted the Portuguese permission to build the first permanent trading fort in West Africa, an adolescent boy who was kidnapped while playing, a fourteen-year-old girl who was murdered aboard a slave ship. Eloquent, thoughtful, and deeply affecting, *Lose Your Mother* is a powerful meditation on history, memory, and the Atlantic slave trade. [Witnessing Whiteness](#) Kristopher Norris, 2020-05-20 *Witnessing Whiteness* identifies the roots of white supremacy within the Christian church's theology and practice and argues that the white church has a particular and fundamental responsibility to address it. Employing the shared resources of white traditionalist witness theology and black liberationist theology and attending to the criticisms liberation theology directs at traditionalism, it proposes concrete practices to challenge the white church's and white theology's complicity in white supremacy. **The Routledge History of Slavery** Gad Heuman, Trevor Burnard, 2010-11-01 *The Routledge History of Slavery* is a landmark publication that provides an overview of the main themes surrounding the history of slavery from ancient Greece to the present day. Taking stock of the field of Slave Studies, the book explores the major advances that have taken place in the past few decades of study in this crucial field. Offering an unusual transnational history of slavery, the chapters have all been specially commissioned for the collection. The volume begins by delineating the global nature of the institution of slavery, examining slavery in different parts of the world and over time. Topics covered here include slavery in Africa and the Indian Ocean World as well as the Transatlantic Slave Trade. In Part Two, the chapters explore different themes that define slavery, such as slave culture, the slave economy, slave resistance, and the planter class, as well as areas of life affected by slavery, such as family and work. The final part goes on to study changes and continuities over time, looking at areas such as abolition, the aftermath of emancipation, and commemoration. The volume concludes with a chapter on modern slavery. Including essays on all the key topics and issues, this important collection from a leading international group of scholars presents a comprehensive survey of the current state of the field. It will be essential reading for all those interested in the history of slavery. **Toward an Intellectual History of Black Women** Mia E. Bay, Farah J. Griffin, Martha S. Jones, Barbara D.
