updated this 15th anniversary edition of the 1 New York Times bestseller salutes America's true and proud history. Fifteen years ago Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught and they succeeded. A Patriot's History of the United States is the definitive objective history of our country presented honestly and fairly. Schweikart and Allen don't ignore America's mistakes through the years. Instead they put them back in the proper perspective, celebrating the strengths of the men and women who cleared the wilderness, abolished slavery and rid the world of fascism and communism. Now in this revised fifteenth anniversary edition, a new generation of readers will learn the truth about America's discovery, founding and advancement from Columbus's voyage to Trump's promise to Make America Great Again. *Making America, Complete, Brief, 2nd Ed + the Way We Lived, Volume*

1&2, 5th Ed Berkin, 2005-03-01 *Why America Lost the War on Poverty - and How to Win It* Frank Stricker, 2009-07 In a provocative assessment of American poverty and policy from 1950 to the present, Frank Stricker examines an era that has seen serious discussion about the causes of poverty and unemployment. Analyzing the War on Poverty, theories of the culture of poverty and the underclass, the effects of Reaganomics and the 1996 welfare reform, Stricker demonstrates that most antipoverty approaches are futile without the presence or creation of good jobs. Stricker notes that since the 1970s U.S. poverty levels have remained at or above 11% despite training programs and periods of economic growth. The creation of jobs has continued to lag behind the need for them. Stricker argues that a serious public debate is needed about the job situation, social programs must be redesigned, a national health care program must be developed, and economic inequality must be addressed. He urges all sides to be honest: if we don't want to eliminate poverty, then we should say so. But if we do want to reduce poverty significantly, he says we must expand decent jobs and government income programs, redirecting national resources away from the rich and toward those with low incomes. *Why America Lost the War on Poverty And How to Win It* is sure to prompt much needed debate on how to move forward. Frank Stricker is professor of history at California State University Dominguez Hills. *Why America Lost the War on Poverty - and How to Win It*, **Berkin Making**
