Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy From the Edge reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books From the Edge vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins **Laura Esquivel's Mexican Fictions** Elizabeth Moore Willingham,2012-05-18 This book now available in paperback is the first in depth review and

struggle for the right to reclaim filthy English and use it      Uncivil Wars Sandra Messinger Cypess,2012-08-01 The first English language book to place the works of Elena Garro 1916 1998 and Octavio Paz 1914 1998 in dialogue with each other Uncivil Wars evokes the lives of two celebrated literary figures who wrote about many of the same experiences and contributed to the formation of Mexican national identity but were judged quite differently primarily because of gender While Paz s privileged prize winning legacy has endured worldwide Garro s literary gifts garnered no international prizes and received less attention in Latin American literary circles Restoring a dual perspective on these two dynamic writers and their world Uncivil Wars chronicles a collective memory of wars that shaped Mexico and in turn shaped Garro and Paz from the Conquest period to the Mexican Revolution the Spanish Civil War which the couple witnessed while traveling abroad and the student massacre at Tlatelolco Plaza in 1968 which brought about social and political changes and further tensions in the battle of the sexes The cultural contexts of machismo and ethnicity provide an equally rich ground for Sandra Cypess s exploration of the tandem between the writers personal lives and their literary production Uncivil Wars illuminates the complexities of Mexican society as seen through a tense marriage of two talented often oppositional writers The result is an alternative interpretation of the myths and realities that have shaped Mexican identity and its literary soul well into the twenty first century      **Conquest and Reclamation in the Transatlantic Imagination** Luz Elena Ramirez,2023-06-30 This book examines the imperial spectacles and startling reversals of fortune related in William H Prescott s *History of the Conquest of Mexico* 1843 and *History of the Conquest of Peru* 1847 and investigates how these accounts inspired fictional adaptations by George A Henty H Rider Haggard and George Griffith The revision of history in the Amerindian adventure both entertained young transatlantic audiences and was a vehicle to attract tourism and investment in countries such as Mexico and Peru Henty Haggard and Griffith moreover used their tales of adventure as a platform to impart British values to their readers Such values compel the characters and narrators of the novels discussed to act as cultural mediators to acquire indigenous languages and adopt native ways of being and in several of the romance adventures under consideration to marry Mexican or Incan noblewomen Part I *Conquest* examines George Henty s *By Right of Conquest Or With Cortez in Mexico* 1891 H Rider Haggard s *Montezuma s Daughter* 1893 and George Griffith s *Virgin of the Sun A Tale of the Conquest of Peru* 1898 Part II *Reclamation* argues that English re writings of history work to eclipse the Spanish in Haggard s *Virgin the Sun* 1922 Henty s *Treasure of the Incas* 1902 and Griffith s *Romance of Golden Star* 1897      Confluence Narratives Antonio Luciano de Andrade Tosta,2016-10-19 *Confluence Narratives* *Ethnicity History and Nation Making in the Americas* explores how a collection of contemporary novels calls attention to the impact of ethnicity on national identities in the Americas These historical narratives portray the cultural encounters the conflicts and alliances peaceful borrowings and violent seizures that have characterized the history of the American continents since the colonial period In the second half of the twentieth century North and South American readers have witnessed a steady output of novels that revisit moments of cultural

confluence as a means of revising national histories Confluence Narratives proposes that these historical novels published in such places as Brazil Argentina Mexico the United States and Canada make up a key literary genre in the Americas The genre links the various parts of the hemisphere together through three common historical experiences colonization slavery and immigration Luciano Tosta demonstrates how numerous texts from the United States Canada Spanish America the Caribbean and Brazil fall into the genre The book focuses on four case studies from ethnic groups in the Americas Amerindians Afro descendants Jewish Americans and Japanese Americans Tosta uses the experience of the American nations as a springboard to problematize the concept of the contemporary nation an identity marked by border crossings and other experiences of deterritorialization Based on the exploration of confluence narratives Tosta argues that the contemporary nation is not as contemporary as one may think Informed by postcolonial theory and transnational and ethnic studies this book offers an important comparative study for and of inter American literature Its analysis of the representation of cultural encounters within distinctive national histories underscores the complex nature of otherness in the Americas as well as the inherently transcultural aspect of a trans continental American identity *Seven Myths of the Spanish Conquest* Matthew Restall, 2021 This vividly written and authoritative book offers an updated account of the activities of the best known conquistadors and explorers including Columbus Cortés and Pizarro and reveals the true stories behind the key events in the history of the Americas

Latin American Novels of the Conquest Kimberle S. López, 2002 The fictionalized explorers and conquistadors represented in this corpus all identify with certain aspects of Amerindian culture significantly those elements that are most distinct from European culture such as cannibalism and human sacrifice but also feel the need to distance themselves from these others in order to protect their own European cultural identity In most cases the conquistadors themselves are represented as outsiders within the enterprise of imperialism due to ethnic religious or sexual differences from the norm This representation turns the gaze inward toward the other within European culture underscoring the complex origins of Latin American cultures in the violent encounter between the Amerindians and the conquistadors By examining these issues Lopez s *Latin American Novels of the Conquest* illuminates the ways in which Latin American novelists used their literary imaginations to embody their ambivalence regarding their own transcultural heritage as children of both the colonized and the colonizer
