Message For All American Conservatives:

El Conservador: Conservative Opinions George H. Rodriguez, 2018-09-12 George H Rodriguez has dedicated his life to sharing conservative values with fellow Hispanics and all Americans As a Ronald Reagan and George H Bush appointee he worked with the Department of Justice in community relations and immigration outreach going on to work with the White House and on President Bush s 1988 presidential campaign In recent years Rodriguez has served with the GOP and was one of the first Hispanics to be president of a major Tea Party group Now in *El Conservador Conservative Opinions* George H Rodriguez shares a hard hitting collection of his political essays and commentaries As a nationally known blogger and political commenter George Rodriguez is a constitutional conservative Texan of Mexican descent also known as a Tejano His essays reflect his belief in personal freedom and they support the idea that all Texans and Americans should live life as they wish as long as it does not harm others or infringe on another person s rights With a commitment to conservative values and in some cases with a little bit of a chile picoso attitude Rodriguez focuses on critical political topics that all Americans should be informed about from the basics of constitutional government personal property ownership and states rights to contemporary issues like debt immigration and the so called diversity Because liberal misinformation and a growing government can be dangerous to the freedom and liberty of citizens Rodriguez believes it is important to remember why America is the greatest nation on earth and protect its God given destiny

The Failure of American Conservatism Claes G. Ryn, 2023-02-21 A Powerful Profound Assessment of Conservatism and America An impressive burst of creativity gave rise to a vigorous conservative intellectual movement in the United States after the Second World War Yet according to Claes Ryn the great potential of the movement was not realized because of major flaws The movement became preoccupied with politics to the neglect of academia history philosophy religion morality the arts and entertainment In the 1980s when Ronald Reagan won great political victories the movement celebrated the triumph of conservatism but this reaction confirmed a superficial understanding of what most fundamentally shapes society Developments in the culture were actually radicalizing the American mind and imagination and eroding America s constitutional order Conservatism also resisted intellectual discourse of the most rigorous kind and failed to make crucial distinctions Paradoxically it even made room for abstract universalist ideology including Straussian anti historicism and neoconservative imperialistic democratism Ryn was a very early critic of all these weaknesses *The Failure of American Conservatism* analyzes these weaknesses in depth It explains the current disorientation of conservatism and why cancel culture and Woke were predictable Mixing new and previously published writing the book bristles with provocative ideas It sets forth its own strongly argued view of how to understand and address America s crisis

The Conservative Review Walter Neale, 1899 [Frederick Douglass Republicans](#) K. Carl Smith, 2011-04-25 Frederick Douglass is an iconic historical figure whose noble qualities are visible in the lives of four major Biblical characters Like Joseph who was sold into slavery by his brothers and later became second in command of Egypt

Douglass was born into slavery and served as an advisor to five US presidents Like Moses who liberated the Israelites from Egypt by confronting Pharaoh Douglass fought to liberate blacks from slavery by agitating President Lincoln Like Paul who wrote the majority of the New Testament and composed letters that changed the world Douglass authored three books and penned thousands of articles speeches and editorials that transformed the nature of politics in America Like Jesus who forgave those who nailed Him to the cross and yes He died for the salvation of humanity Douglass forgave his slave masters and dedicated his life for the liberation of all people For these reasons and more Douglass political and social principles can heal our nation Frederick Douglass the role model for the next generation the Quintessential Conservative **American**

Conservative Augustus P. Lowell, 2016 Carson Christie Rubio Cruz Trump This is the best we can do This is what passes for conservatism these days When did that once honorable political tradition become so narrow boorish and ignorant It s time to take the conversation back Conservatism can be intelligent and thoughtful There is an alternative to the excesses of liberalism that doesn t require us to turn the clock back a century that isn t tied to religion that embraces a responsibility for society and culture that isn t terrified of change and that speaks to the commonalities we share instead of dividing us into tribes Conservatives and liberals could work together if they would take an honest look both at each others beliefs and at their own In the 2016 Presidential primary season half the Republican candidates were clowns and the rest were if not actually clowns giving every appearance of bowing to the ringmaster and piling into the clown car They called themselves conservative but their understanding of what that means seemed shallow and opportunistic Theirs was a parody of conservatism that mocked the real thing Yet it seems most people take them at their word and grant them the authority they assert for themselves not merely that they are conservative but that their brand of conservatism is the entirety of conservatism not merely that they are conservative but that they speak for all conservatives It is infuriating And it is wrong There are many books about politics but most of them contain either dryly academic pedantry or overtly partisan persuasion This book is neither It is a polemic of a sort but the intent is not to persuade people to vote conservative or that conservatism is completely right It is to persuade people that conservatism has something worthwhile to say to them that conservatism is not what its most abhorrent spokesmen claim it to be The intent is to change the conversation If that changes the outcome so much the better **The Mind of a Conservative Woman** Senator Marsha Blackburn, 2020-09-01 Reject our society s

liberal bias against conservative women and learn how traditional principles will secure a better future for us all with this inspiring guide from a political powerhouse The Mind of a Conservative Woman challenges women to improve their place in life and open doors for themselves and the next generation through the courage of their convictions Senator Blackburn expounds upon why beliefs labeled as traditional have common ground and can improve all of society such as Protecting the next generation the family and the freedom of faith and values Supporting a free market that rewards women who apply their talents and rise to great heights Respecting the institutions in our nation to make change from the inside Securing an

effective government that will not overreach and Honoring and respecting those who hold differing opinions Though it is politically liberal women who receive the attention of left leaning media and universities it is conservatism that guarantees what most women hold dear Blackburn addresses the frustrations of working women and the false perceptions of women presented by the media in general Her maxim Leave Things in Better Shape Than You Found Them will challenge you to improve your place in life and create opportunities you never dreamed possible for yourself and those around you

Message for All American Conservatives Bradley Panvino,2014-12-24 My wish is to reform the Republican Party from within As it is now and in the future it will continue to be a party divided unless something is done soon to unify the base of the party around specific conservative issues The Republican Party needs to strengthen its resolve with pure conservative values and there is a genuine need for a new stronger Republican Party platform This nation has always been founded on liberty as a republic With liberty comes freedom of self and the family and this freedom is apparent in My Solemn Pledge Signing is an oath that gives testimony to the values that this nation was and is based upon The principles our founding fathers had for our nation when they left British rule Liberty will quite simply never be found in a large liberal government The Republican Party and the Tea Party must merge into the new conservative Republican Party as leaders for change It is this new party platform that must take the lead Together they will be larger and have far more support from the American people The new pledge will gather more votes to defeat the Democrats and their liberal agendas Bradley Panvino is the author of The Unauthorized Conservatives Handbook and Common Ground The Living Principle Who Stole Conservatism? Mario R. DiNunzio,2016-07-01 A compelling explanation of how conservatism is no longer what its founders intended and how it has been transformed into a tool of materialist economics and emptied of much of its original meaning During America s 19th century Gilded Age free enterprise capitalist ideas distorted and deeply obscured traditional political conservatism Conservatism today argues distinguished historian Mario R DiNunzio is a grotesque version of the ideology crafted by its founders including John Adams in America and Edmund Burke in England This compelling book provides a survey of conservative thought and its transformation that originated in the late 19th century exposing the influence of that transformed conservatism on 20th century American politics from Hoover to Goldwater to Reagan and on to the Tea Party It explains the historical foundations of conservative thought and the radical transformation of conservatism into a vastly different ideology primarily concerned with the defense of unfettered capitalism and extreme rights of individuals as opposed to the values of traditional conservatism community good order tempered change and enduring values DiNunzio challenges conservatives and scholars of conservatism to confront the differences between what passes for conservatism in modern day American politics and the tenets of the original conservative tradition **Supplement to the Messages and Papers of the**

Presidents United States. President, 1925 *The Danger of Progressive Liberalism* Charles Gross, 2011-05-05 The United States is under assault by the progressive attitudes and actions of the liberal Left At this critical time in our history it is imperative that conservatives stand united against this assault The majority of Americans are not progressive liberals so why should we have to live with progressive liberal policies Charles Gross thinks its time to fight for individual liberties and Americas future He makes a case for the following Liberals consistently say one thing and do another Liberal politicians blatantly promote racism and divisiveness Progressive liberal concepts enable the Islamic agenda of global domination Many moderate Americans support liberal candidates voting against their own best interests Republican politicians contribute to the problem by failing to act with integrity and according to the Constitution Gross proposes achievable solutions to restore traditional American values By reducing the size of the federal government reforming taxation maintaining a strong national defense and applying the tenets of the United States Constitution along with common sense it is possible to save America from progressive liberalism **The Conservative** , 1901 A journal devoted to the discussion of political economic and sociological questions The Conservative Environmentalist Benji Backer, 2024-04-16 A young conservative environmentalist provides an intrepid vision for both solving our climate crisis and prioritizing the American national interest Politicians pseudo experts and other partisans have led us to believe that there are only two approaches to climate change doomerism or denial Benji Backer Founder and Executive Chairman of the American Conservation Coalition argues that both are dead ends In The Conservative Environmentalist he delivers an entirely new strategy to take care of the planet while putting put the economic interest of the American people first Backer makes the compelling case that conservative principles are the key to climate solutions that actually work In this book you ll visit the country s most diverse ecosystems and consequential manufacturing hubs from Utah coal mines and Texas oil fields to Louisiana wetlands and Rhode Island offshore wind farms witnessing the power of individual entrepreneurship and local problem solving You ll be inspired by groundbreaking efforts to strengthen earth s ecosystems that Green New Dealers and other Big Government advocates would prefer to keep hidden like partnerships between oil and gas companies and environmental nonprofits to preserve thousands of acres of wetlands Drawing on cutting edge science a deep understanding of local community needs and his experience rallying politicians on both sides of the aisle to take action Backer offers hope for everyone who cares about the state of the great outdoors Fascinating clear headed and full of surprises The Conservative Environmentalist is the fresh audacious approach needed to ensure a sustainable future and particularly one that works for America Congressional Record United States. presented a unique opportunity for American business to improve its reputation after years of censure for inflicting the Great Depression upon the nation. No employers organization worked harder or devoted greater resources to reviving business prestige during the war than the National Association of Manufacturers which spent millions of dollars on promoting the indispensability of private enterprise to the successful mobilization of the American economy in an uncompromising multi-media campaign which spanned the factory floor to the movie theatre. Now using unpublished primary sources the full extent of the NAM's wartime mission to raise the stature of American business in the post-war era is revealed. During the war the NAM erected a vast structure of research on an unprecedented scale numbering more than one hundred persons dedicated to planning the best solutions for restoring American free enterprise capitalism after the war in a direct challenge to the liberal prescriptions of the reigning administration. These studies were painstakingly assembled and widely distributed and served as a complimentary arm to the better known pro-business propaganda message of the organization. What emerges is a unique and telling glimpse into the minds of the corporate class of wartime America that reveals the determination of a major employers organization to exploit the exceptional circumstances of total war to influence both the power brokers in Washington who wrote economic policy and the American public as a whole to embrace a post-war future ruled by private enterprise capitalism.

The Rise and Fall of Modern American Conservatism David Farber, 2012-08-26 The story of modern conservatism through the lives of six leading figures. The Rise and Fall of Modern American Conservatism tells the gripping story of perhaps the most significant political force of our time through the lives and careers of six leading figures at the heart of the movement. David Farber traces the history of modern conservatism from its revolt against New Deal liberalism to its breathtaking resurgence under Ronald Reagan to its spectacular defeat with the election of Barack Obama. Farber paints vivid portraits of Robert Taft, William F. Buckley Jr., Barry Goldwater, Phyllis Schlafly, Ronald Reagan, and George W. Bush. He shows how these outspoken, charismatic, and frequently controversial conservative leaders were united by a shared insistence on the primacy of social order, national security, and economic liberty. Farber demonstrates how they built a versatile movement capable of gaining and holding power from Taft's opposition to the New Deal to Buckley's founding of the National Review, as the intellectual standard bearer of modern conservatism, from Goldwater's crusade against leftist politics and his failed 1964 bid for the presidency to Schlafly's rejection of feminism in favor of traditional gender roles and family values, and from Reagan's city upon a hill to conservatism's downfall with Bush's ambitious presidency. The Rise and Fall of Modern American Conservatism provides rare insight into how conservatives captured the American political imagination by claiming moral superiority, downplaying economic inequality, relishing bellicosity, and embracing nationalism. This concise and accessible history reveals how these conservative leaders discovered a winning formula that enabled them to forge a powerful and formidable political majority.

Understanding Contemporary American Conservatism Joel Aberbach, 2016-08-05 Contemporary American conservatism a m lange of ideas people and organizations is difficult to define

even conservatives themselves are unable to agree about its essential meaning Yet the conservative movement is well financed exerts strong influence in the Republican Party inspires followers throughout the land and has spawned a network of think tanks and media outlets that are the envy of its competitors It is a powerful political force with which to be reckoned This book examines how that has come about and what contemporary conservatism signifies for US politics and policy It looks at the recent history of conservatism in America as well as its antecedents in the UK traces changes over time using American National Election Study data from 1972 to the present in what it means when people say they are conservatives and assesses the prospects for American conservatism both in the near term electoral context and over the longer term as well

Darwinian Evolution and Classical Liberalism Stephen C. Dille, 2013-05-02 Darwinian Evolution and Classical Liberalism canvasses an array of thinkers from the past to the present as it examines fundamental political philosophical ethical economic anthropological and scientific aspects of the ferment between Darwinian biology and classical liberalism Early chapters focus on classical thinkers like John Locke and Adam Smith while later chapters provide analyses of present day classical liberals focusing especially on F A Hayek Thomas Sowell and Larry Arnhart the most prominent advocates of contemporary classical liberalism Thematically the volume falls into three parts Part I examines foundational matters arguing that Darwinism and classical liberalism hold incompatible visions of morality human nature and individual autonomy This section also contends that the free market's spontaneous order is fully compatible with a teleological or non Darwinian view of the universe Part II turns to contemporary applications contending that Darwinism and classical liberalism are at odds in their views of or implications about limited government vital religion economic freedom and the traditional family This section also argues that since its inception Darwinism has attenuated core tenets and values of classical liberalism and Western civilization Part III of the volume contains alternative views to those in the first two parts adding critical diversity to the book Respectively these chapters hold that Darwinian evolution simply has little to say about classical liberalism an evolutionary account of human volition is fully compatible with the individual choice presupposed in classical liberalism and evolutionary naturalism unlike religious alternatives provides a strong foundation for freedom morality and the traditional family
