Embraced by Love Helliwell Tanis (author),1901 Revolution Plus Love Liu Jianmei,2003-09-30 In the aftermath of the May Fourth movement a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities The theme of revolution plus love a literary response to the widespread insurrections and upheaval was first popularized in the late 1920s In her examination of this popular but understudied literary formula Liu Jianmei argues that revolution and love are culturally variable entities their interplay a complex and constantly changing literary practice that is socially and historically determined Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics Favored by leftist writers during the early period of revolutionary literature it continued to influence mainstream Chinese literature up to the 1970s By drawing a historical picture of the articulation and rearticulation of this theme Liu shows how changes in revolutionary discourse force unpredictable representations of gender rules and power relations and how women s bodies reveal the complex interactions between political representation and gender roles *Revolution Plus Love* is a nuanced and carefully considered work on gender and modernity in China unmatched in its broad use of literary resources It will be of considerable interest to scholars and students of modern Chinese literature women s studies cultural studies and comparative literature The sermon Bible [extr. from sermons on the Bible by various authors] ,1892

Lawler, 2024-05-15 In Pope Francis Marriage and Same Sex Civil Unions Foundations for the Organic Development of Catholic Sexual Doctrine Todd A Salzman and Michael G Lawler argue for the organic development of Catholic sexual teaching to recognize the morality and sacramentality of opposite sex and same sex marriage They do so on the basis of Pope Francis support of the legal protection of same sex civil unions new pastoral methods theological anthropological and ethical methodological developments To that end the authors consider the historical development in the Catholic tradition of sexual and marital ethics the impact of virtue ethics emphasis on the authority and inviolability of an informed conscience and a revised understanding of sexual complementarity on defining human dignity and the method for doing Catholic ethics the sacramental nature of opposite sex marriage as an upper case Sacrament and same sex marriage as a lower case sacrament the widespread and growing phenomenon of cohabitation before marriage where couples grow into the ideal of marriage and sociological and experiential data that supports the overwhelming positive impact on children of opposite sex and same sex parents All of these issues are considered in the light of the theological and pastoral changes that Pope Francis is introducing with widespread support and minority opposition into the Catholic tradition **A Journey Of Faith and Affirmation** MIRRIAM MUSONDA
