Decentralization and the Social Economics of Development Christopher Brendan Barrett, Andrew G. Mude, John Omiti, 2007 This book focuses on the experience of decentralization in rural Kenya and is presented in two parts under the following themes i successes and failures of decentralization chapters 2 6 and ii socioeconomic and institutional preconditions for successful decentralization chapters 7 10 The text will be of interest to researchers and students in social sciences and development studies and to policy makers in international aid agencies non governmental development organizations and government ministries A subject index is included **Eastern Africa Social Science Research Review** ,2002 Handbook of Research in Pediatric and Clinical Child Psychology Dennis Drotar, 2013-11-11 The professional development of researchers is critical for the future development of the fields of pediatric and clinical child psychology In

order to conduct research in pediatric and clinical child psychology researchers need to work with a wide range of populations and master an increasingly wide range of skills many of which are either not formally taught or considered in sufficient depth in clinical training Such skills include the development of resources for research by writing grants to government agencies and foundations skills in preparing research for publications concerning original research review articles or case reports scientific presentation skills the ability to review and edit scientific manuscripts and to implement and manage research in applied settings Moreover the increasing complexity of research in pediatric and clinical child psychology requires successful researchers in these fields to develop their expertise with a wide range of new specialized methodologies data analytic methods models of data analysis and methods of assessment Finally to enhance the relevance of their research to practice researchers in pediatric and clinical child psychology need to integrate their work with clinical service delivery programs that are based on empirical research The necessity to train researchers in pediatric and clinical child psychology in such multifaceted knowledge and skills places extraordinary burdens on professional training programs Professional researchers in pediatric and clinical child psychology also are challenged to develop new knowledge and skills through continuing education and faculty development programs
