Bryan himself was a witness Finally Bryan examines the current theories psychological psychiatric medical parapsychological that have been put forward by the unconvinced to explain the abduction phenomenon Are the abductees suffering from some sort of false memory syndrome a multiple or dissociative personality disorder Are they fantasy prone Close Encounters of the Fourth Kind is a detailed objective exploration the most concrete to date of one of the enduring and amazing mysteries of our time It is a book that will equally fascinate believers and nonbelievers In the Presence of Aliens Janet Bergmark,1997 A true life account of the author s experiences of contact with aliens She writes about the concept of a dual identity of human and alien co existing in one body Why are some people abducted by alien life forms **International UFO Library: Dec / Jan 1993** Joseph J.
