Financial Management for Technology Start-Ups Alnoor Bhimani, 2017-08-03. All start-up businesses must be founded on product expertise, a grasp of digitization, and being aware of market forces. Tech start-ups also need a unique understanding of accounting to succeed, knowledge which is required to power their more innovative business models and the ways of working that drive technology-based businesses. Unlike traditional accounting manuals or those aimed more generally at small business operators, Financial Management for Technology Start-Ups concentrates on what is important in financial terms for technology-based and innovation-focused entrepreneurial businesses. Featuring a simple yet effective Start-Up Financial Control Loop and Tech Start-Up Tracker, Financial Management for Technology Start-Ups offers a complete and must-have financial toolkit for launching and managing a tech start-up. The book covers all relevant facets of accounting and finance not covered by any other publication, by using straightforward language, extensive practical illustrations, and case studies to demonstrate the financial understanding that has become essential to technology and innovation-based start-ups.
