**EOS 80D Guide to Digital SLR Photography** David Busch, 2016-09-19 *Canon EOS 5D Mark III* James Johnson, 2012-12-28 The Canon EOS 5D Mark III is the latest in Canon's line of full frame DSLR cameras Its impressive array of capabilities and advanced controls allow the photographer ever more influence over the final image With this comes more menus buttons and dials that the photographer must learn how to use to take full advantage of the camera This book explores the features and capabilities of the 5D Mark III in a way that far surpasses the user's manual It guides readers through the camera features with step by step setting adjustments color illustrations and detailed how when and why explanations for each option Every button dial switch and menu configuration setting is explored in a user friendly manner with suggestions for setup The informative text is illustrated with screenshots and example images throughout making it easy to follow along Author James Johnson covers everything from the basic features of the camera to the numerous advanced photographic options as he discusses topics such as focus and exposure lenses lighting custom settings and more With this book as your guide you'll learn how to get the most out of this powerful camera **David Busch's Canon EOS 7D Mark II FAST**

**TRACK GUIDE** David Busch, 2017-06 If you've invested in a camera as sophisticated as the Canon EOS 7D II you're looking for more than good pictures you demand outstanding photos After all the 7D II is the most advanced APS-C format camera that Canon has ever introduced It boasts 20 megapixels of resolution blazing fast automatic focus and cool features like full high definition movie shooting But your gateway to pixel proficiency is dragged down by the slim little book included in the box as a manual You know everything you need to know is in there somewhere but you don't know where to start In addition the camera manual doesn't offer much information on photography or digital photography Nor are you interested in spending hours or days studying a comprehensive book on digital SLR still photography that doesn't necessarily apply directly to your 7D II What you need is a guide that explains the purpose and function of the 7D II's basic controls how you should use them and why Ideally there should be information about file formats resolution exposure and special autofocus modes available but you'd prefer to read about those topics only after you've had the chance to go out and take a few hundred great pictures with your new camera Why isn't there a book that summarizes the most important information in its first two or three chapters

with lots of illustrations showing what your results will look like when you use this setting or that Now there is such a book If you want a quick introduction to the 7D II s focus controls wireless flash synchronization options how to choose lenses or which exposure modes are best this book is for you If you can t decide on what basic settings to use with your camera because you can t figure out how changing ISO or white balance or focus defaults will affect your pictures you need this guide [Video Production Handbook](#) Jim Owens,Gerald Millerson,2012 Shows the full production process from inception of idea to final distribution

**Canon EOS 70D** James Johnson,2014-03-17 The Canon EOS 70D is the latest of Canon s full sized DSLR cameras Its impressive array of advanced capabilities allows the photographer more influence over the final image This book s exploration of the EOS 70D goes beyond that of the user s manual It provides illustrations step by step setting adjustments helpful suggestions for setup and detailed explanations for each of the camera s many features and menu configurations The text is illustrated with easy to follow screenshots and example images This book will also introduce intermediate level camera users to DSLR model differentiating features such as Wi Fi and Dual Pixel autofocus The content covers effective use of the camera s hardware and some software as well as certain related accessories with little emphasis on general photography Author James Johnson covers everything from basic camera features to advanced photographic options With this book as your guide you ll learn to successfully use this powerful camera

[David Busch's Canon EOS Rebel T7i/800D Guide to Digital SLR Photography](#) David D. Busch,2017-06-30 David Busch s Canon EOS Rebel T7i 800D Guide to Digital SLR Photography is your complete all in one comprehensive resource and reference for the Canon EOS Rebel T7i 800D the first Canon camera to offer in body five axis image stabilization for video capture Aimed at photo enthusiasts seeking to improve their photographic skills the T7i 800D is an affordable digital SLR with an impressive range of features including including Wi Fi communications to link your camera to your iOS or Android smart device With this book in hand the camera is remarkably easy to master too Equipped with a 24 megapixel sensor full HD movie making an accurate autofocus system and a full range of semi automatic modes scene options and creative filters this newest Rebel has everything you need to explore the world of photography
