Fearless Stories Of The American Saints:

Fearless Alice L. Camille, Paul Boudreau, 2014 The lives of the saints who helped build the Catholic Church in the United States Frances Cabrini Isaac Jogues John Neumann Elizabeth Ann Seton and Damien de Veuster among others are marked by strength courage determination and sanctity But as this thoughtful and engaging book points out these saints also could be foolhardy obstinate stubborn and dismissive In other words they were a lot like everyone with a mixture of different qualities and characteristics What makes the stories of the thirteen men and women in *Fearless* so compelling is that a distinctly American way of holiness begins to emerge from their lives and their work These were people who walked the streets of New York Philadelphia Baltimore New Orleans and Denver They traveled along California's coast and into the Southwest penetrated the heartland of Indiana and Missouri and reached out into the territorial islands of the United States Captivating illustrations for each saint highlight the depth of their souls and give readers an idea of the strong characteristics exemplified by these men and women *Fearless* will bring the reader through the history of the Catholic Church in America in an intimate and personal way with the stories of the saints and blessed who helped Christianity become part of this country's fabric These men and women did not set out to be saints only to live out the Gospel as they best knew how They followed their hearts and God's will to build a better place for the people of the New World *She Followed Them: Frances Cabrini, the*

Reclaiming American Catholicism John Gehring, 2025-08 The Catholic Church in the United States stands at a crossroads between crisis and opportunity At a time when only the second Catholic President in U.S. history is shaped by the culture and many social justice teachings of his faith the most vocal leaders in the U.S. Catholic hierarchy embrace a culture war Catholicism that pits them against President Biden the pastoral priorities of Pope Francis and many Catholics in the pews This book based on many interviews and the author's own reporting makes the argument that recalibrating the church's engagement with politics and public life is vital for both the Church and the country Yet American Catholicism is not simply defined by church politics theological disputes or the latest Catholic controversy in the headlines The Church that Pope

Francis envisions bruised hurting and dirty because it has been out on the streets can be found every day among Catholic advocates working on the border in the lives of young Catholics who question the church's teachings but who are active in social justice campaigns in the persistence of LGBTQ Catholics who carve out tenuous shelters in a church that doesn't accept their full humanity and in the experiences of seminarians who work in the fields with migrants as part of their religious formation Throughout the book incorporates profiles of these Catholics weaves in on the ground reporting and examines trends that are essential in understanding the Catholic experience in the United States By illuminating the stories of these Catholics the book provides a richer portrait of American Catholicism than most people see in the media as well as offering living examples of a pastoral and prophetic Catholicism that can serve as inspiration for more systemic reform and renewal
