Positive Youth Development in Global Contexts of Social and Economic Change Anne C. Petersen, Silvia H. Koller, Frosso Motti-Stefanidi, Suman Verma, 2016-12-19 The youth of the world are our most important assets When youth develop positively they have the power to benefit themselves their families communities and societies These tremendous benefits accrue for many generations so investments in youth represent a highly cost effective opportunity for positive change This is the first volume to focus globally on the effects of social and economic change on youth and on the opportunity to support youth through policy programs and interventions to develop positively despite challenges The chapters in this volume highlight research demonstrating youth assets and resilience as well as programs and interventions that increase the likelihood that youth will thrive Many chapters also draw attention to opportunities for youth leadership helping youth to develop their strengths as they benefit their communities Additional chapters focus on promoting optimal youth development in the presence of adversity risk or challenge taking into consideration the potential and capacity of the young person Finally the ecological system theory is a strong influence in many chapters that examine the inter relationship of different social contexts such as family peers school and work Positive Youth Development in Global Contexts of Social and Economic Change is both a vision for the future and an ideology supported by a new international vocabulary for engaging with youth development Developed by researchers across interdisciplinary fields the volume has enormous policy implications for lawmakers given the surge in youth population in many parts of the world

Banking Reforms in Africa Agnes Olatokunbo Martins, 2024-06-28 This book comprehensively explores the intricate relationship between banking reforms economic well being and poverty reduction across the African continent Delving into the historical roots of banking reforms it examines the resilience of banking sectors in key African countries like South Africa Nigeria Kenya MENA and beyond The findings suggest that much attention should be paid to the design of banking systems and how banks are regulated This focus on banks differs from many discussions on the topic which tend to be more concerned with other policy areas such as economic policy international trade policy and aid The book s extensive and contemporary overview of banking reforms enables a comparative analysis of regulatory frameworks supervision practices and government interventions It evaluates theoretical frameworks linking banking reforms to bank stability and resilience drawing on financial intermediation resource allocation systemic risk and financial development concepts It empirically tests the causal relationships between the Basel II III capital reforms bank sector resilience economic growth and poverty reduction and identifies and analyses the channels and mechanisms through which banking reforms affect economic welfare and poverty reduction in Africa such as credit availability financial efficiency financial innovation and financial access The book offers an insightful exploration into a brighter economic future on the African continent The findings presented herein offer valuable insights for policymakers researchers and practitioners striving to enhance financial stability foster economic growth and alleviate poverty in Africa

The State of the Black Family Robert Cherry, 2023-03-07

Too many Black Americans live in neighborhoods that are filled with gun violence dysfunctional and abusive families and children with deficient academic and behavioral skills Instead of engaging in an open minded search for solutions too many pundits and politicians are content to point their fingers at systemic racism while dismissing individual effort and traditional measures of merit as part and parcel of a system that is irredeemably broken In *The State of the Black Family* the economist Robert Cherry presents a blueprint for a robust set of policies that can break the cycle of intergenerational poverty and move these families forward by providing direct family support practical educational approaches housing policies to reinvigorate neighborhoods and on ramps to higher paying jobs an approach that enjoyed a broad consensus before leftwing social justice themes hijacked the conversation

The Long Depression Michael Roberts,2016-09-01 Setting out from an unapologetic Marxist perspective *The Long Depression* argues that the global economy remains in the throes of a depression Making the case that the profitability of capital is too low and the debt built up before the Great Recession too high leading radical economist Michael Roberts persuasively presents his case that this depression will persist until the profitability of capital is restored through yet another slump

Brazil in Transition Lee J. Alston,Marcus André Melo,Bernardo Mueller,Carlos Pereira,2016-05-24 Brazil is the world s sixth largest economy and for the first three quarters of the twentieth century was one of the fastest growing countries in the world While the country underwent two decades of unrelenting decline from 1975 to 1994 the economy has rebounded dramatically How did this nation become an emerging power *Brazil in Transition* looks at the factors behind why this particular country has successfully progressed up the economic development ladder The authors examine the roles of beliefs leadership and institutions in the elusive critical transition to sustainable development Analyzing the last fifty years of Brazil s history the authors explain how the nation s beliefs centered on social inclusion yet bound by orthodox economic policies led to institutions that altered economic political and social outcomes Brazil s growth and inflation became less variable the rule of law strengthened politics became more open and competitive and poverty and inequality declined While these changes have led to a remarkable economic transformation there have also been economic distortions and inefficiencies that the authors argue are part of the development process *Brazil in Transition* demonstrates how a dynamic nation seized windows of opportunity to become a more equal prosperous and rules based society

The Political Economy of Energy Subsidy Reform Gabriela Inchauste, David G. Victor, 2017-03-22 This book proposes a simple framework for understanding the political economy of subsidy reform and applies it to four in depth country studies covering more than 30 distinct episodes of reform Five key lessons emerge First energy subsidies often follow a life cycle beginning as a way to stabilize prices and reduce exposure to price volatility for low income consumers However as they grow in size and political power they become entrenched Second subsidy reform strategies vary because the underlying political economy problems vary When benefits are concentrated satisfying or isolating interest groups with alternative policies is an important condition for effective reform When benefits are diffuse it can be much harder to identify and manage the political coalition needed for reform Third governments vary in their administrative and political capacities to implement difficult energy subsidy reforms Fourth improvements in social protection systems are often critical to the success of reforms because they make it possible to target assistance to those most in need Finally the most interesting cases involve governments that take a strategic approach to the challenges of political economy In these settings fixing energy subsidies is central to the governments missions of retaining political power and

reorganizing how the government delivers benefits to the population. These cases are examples of reform engineering where governments actively seek to create the capacity to implement alternative policies, depoliticize tariffs, and build credibility around alternative policies. The most successful reforms involve active efforts by policy leaders to identify the political forces supporting energy subsidies and redirect or inoculate them.
