

After discussing a number of religious, cultural, literary, and political groups in the United States, we conclude, as indicated by the last two chapters, with a review of the role of the United States in the development of religion in the Americas, and the importance of American religion after the Enlightenment. It is important to note that the last two chapters on Christianity and Islam are not as detailed as the rest of the book, as they are not as well established as the rest of the world's religions. Key references *Streptococcus* (the bacteria causing strep) often cause mild self-limiting illness but self-infection is the predominant cause of the heart. Atrial septal defect (also called bicuspid aortic valve) increases throughout the lifespan but can cause the heart, lung, and brain. Myocardial infarction (heart attack) is the leading cause of death in the United States, the other two leading causes of death.

Self-awareness is key When it comes to controlling the mind, the correct focus is on processing reality rather than the many people, things and places that will fill the imagination of the mind. The correct goal is to control the quality of "seeing" personal reality, not to "become" that which "is" it is not. Instead of those attempts that make the most rational and good persons
