

DIY Floss Friendship Bracelets

Supplies: 30" of floss in four colors

1 Start by tying the strands together 2" from one end. You may want to tape the knot to the surface you are working on to keep it in place.

2 The cord at the far left is the working cord (shown here in red.) Make a forward knot with working cord by looping it over the next cord (shown in green) and then back around, pulling the knot closed.

3 Repeat this knot again with the red and green cords.

4 Push knots to the top and pull the second knot tight.

5 Repeat steps 2-4 with the red working cord and next strand shown in yellow. (remember, each strand gets two knots).

6 Work your way right and tie two knots around the pink strand with the red working cord.

7 At this point your first color should be all the way over on the right.

8 The green strand is now on left and becomes the working cord. Knot with the working from left to right the same way you did with the red strand.

9 Repeat, starting each row with the strand the farthest to the left as the working cord.

10 Continue weaving until you have a 6" bracelet. Finish by tying all strands together. Trim, leaving enough thread to tie the bracelet around your wrist.
