

TIPS AND TOOLS TO PRACTICE ENGLISH CONVERSATION

TIPS TO PRACTICE CONVERSATIONAL ENGLISH

1 SET WEEKLY AND DAILY GOALS FOR YOURSELF

Start off with smaller goals, like practicing for one hour every day, and then increase them as you grow. Other types of goals include learning one new word a day, giving yourself practice tests, memorizing verb tenses, and even watching a new show or movie in English.

3 SHARE YOUR STUDIES WITH YOUR FRIENDS AND FAMILY

Finding other people who speak English or are learning the language is a great way to practice. You can form study groups and meet regularly. You can also challenge each other to only speak English when you are together.

5 GIVE YOURSELF QUIZZES AND TESTS

When you spend time practicing, it's important to test yourself to make sure you've retained the information you've learned. You can spend hours memorizing words, but you'll never know if you've really remembered anything without testing your knowledge.

2 GET A NOTEBOOK

Dedicate a notebook to your studies and keep it with you at all times. Use the notebook to write down your goals and to practice your language skills.

4 VARY YOUR PRACTICE

It's important not to get bored with your studies. Varying how you practice can keep things exciting and challenging. Remember there are four core elements to mastering a language: writing, speaking, listening, and reading. Try to practice all four skills equally.

6 HAVE FUN WITH YOUR STUDIES

Learning a new language should be fun and keep you engaged. Any way you can practice English is an acceptable form of studying. You can watch YouTube videos, listen to music, and even read English children's books.

7 VISIT AN ENGLISH-SPEAKING COUNTRY

The best way to learn any language is to fully immerse yourself. Studying abroad or taking a trip to an English-speaking country will allow you to practice every skill you've learned. The longer you can spend there the better.

BASIC ENGLISH CONVERSATIONS FOR BEGINNERS

GREETINGS:

- Hello.
- Hi.
- Hey.
- Good morning.
- Good afternoon.
- Good evening.

At this point, you will either continue the conversation or you will say goodbye. If you do continue the conversation, you can use these questions:

- How are you?
- How are you doing?
- How's it going?
- What's up?

To respond, try using one of these and always remember to thank them and ask the same question in return.

- I'm doing well, thank you. And you?
- Good, thanks. You?
- Doing well, thanks. You?
- Great, thanks! You?

INTRODUCING YOURSELF:

- My name is ____ / I am ____.

At this point, the other person will likely introduce themselves. If not, you can ask their name.

- What is your name?

You may also have to introduce someone else:

- This is ____.
- Please meet ____.

The next step is to respond to having met someone. This can be a way to end a conversation or open it up to a larger discussion.

- Nice to meet you!
- It's a pleasure to meet you.
- Great to meet you.

If the conversation ends, use any of these:

- Goodbye.
- Bye.
- Have a good day (or afternoon, evening, or night).

Guide To Conversation

Gerard I. Nierenberg

Guide To Conversation:

Starting a Conversation Amy Watson, 2016-05-16 Here's an inescapable fact you will need to know how people talk and react to whatever things you say. It is also important on how to choose the words and the how to approach a person to pick up a conversation be it formal or casual. Conversations are important because they have the ability to resolve conflicts and find solutions to any situation you are in. A person with a good ability to talk and connect with others around him will always be in control in any situation he/she is put in. If you do not develop your conversational skills you will be let down and ignored in a social circle. The core of a man's knowledge comes from interaction with different kinds of people. You have to possess a specific skill set that allows you to open up with other people and they should be able to give back the same to you.

Lifetime Conversation Guide James K. Van Fleet, 1984 Whether at home or at work you spend a lot of your waking hours conversing with other people. You try to influence their behavior by advising, ordering, and persuading but all too often you fail to get through to them. Here are scores of conversation power techniques you can use to control the behavior of others in virtually any family, business, or social situation. Without ever raising your voice you can get anyone to do what you want the way you want and do it gladly. Once you learn these simple methods of verbal persuasion you'll wield an almost magical power over everyone and win the respect, support, and friendship of everyone you meet.
