The Tender Husband: Or, the Accomplish'd Fools. A Comedy [in Five Acts and in Prose]. Sir Richard STEELE, 1740

Loulou & Yves Christopher Petkanas, 2018-04-17 No one interested in fashion style or the high flying intrigues of caf society will want to miss Christopher Petkanas's exuberantly entertaining oral biography Loulou possibly also the most neurasthenic In an exquisitely intimate sometimes painful personal and professional relationship Loulou was his creative right hand muse alter ego and the virtuoso behind all the flamboyant accessories that were a crucial component of the YSL look For thirty years until his retirement in 2002 Yves relied on Loulou to inspire him make him laugh and talk him off the ledge the enchanted formula that brought him from one historic collection to the next Yves's many tributes shape Loulou's memory as if everything there was to know about this fugitive Giacometti like figure could be told by her clanking bronze cuffs towering fur toques the turquoise boulders on her fingers and her working friendship with the man who put women in pants But another darker story lifts the veil on Loulou a classic number two with a contempt for convention and exposes the underbelly of fashion at its highest level Behind Yves's encomiums are a pair of aristocrat parents Loulou's shiftless French father and menacingly chic English mother who abandoned her to a childhood of foster care and sexual abuse Loulou's recurring desperation to leave Yves and go out on her own and the grandiose myths surrounding her family Loulou felt that her life had been kidnapped by the operatic workings of the House of Saint Laurent and in her last years faced financial ruin Loulou Yves unspools an elusive fashion idol nymphomaniacal heedless and up to her bracelets in coke and Boizel champagne at the core of what used to be called le beau monde

Harper's Bazaar ,1897 Good Husbands Make Good Wives John Baldwin Buckstone,1832 *If You Seduce a Straight Person, Can You Make Them Gay?* John Dececco, Phd, John Patrick Elia, 2014-05-01

The debate on whether or not people are born homosexual biological essentialist theory or become homosexual during the course of their lives social constructionist theory continues as each side claims to prove the truth through research and clinical findings This breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity The editors present an alternative view sexual and gender expression is a product of complementary biological personal and cultural influences in *If You Seduce a Straight Person Can You Make Them Gay* Through theoretical analysis ethnographic and empirical data and case studies the editors show how the one sidedness of both biological essentialist and social constructionist versions of sexual and gender identity make it difficult if not impossible to conceptually determine the origin of an individual s sexual expression This

thought provoking book covers many topics that are sure to cause readers to re evaluate their thinking about the origins of gay and lesbian identity Among the topics examined with this fresh perspective are Childhood Cross Gender Behavior and Adult Homosexuality Gay and Lesbian Teachers and Coming Out Homosexuality Marriage Fidelity and the Gay Community Case of Gay Husbands Can Seduction Make Straight Men Gay Gay and Lesbian Identities in Non industrialized Societies Surinam Dutch New Guinea Turkey Nicaragua and Argentina Political Economic Construction of Gay Male Identities Readers will clearly see that the controversy over the being born gay or becoming gay debate is far from resolved From the beginning the book explores how human beings are less constrained by biology than many would like to believe Social circumstances and economics cause some determination of identity but not exclusively Theoretical introductions to each chapter attempt to synthesize elements on both sides of this most contemporary debate

Understanding Gay and Lesbian Youth David Campos, 2005-09-28 *Understanding Gay and Lesbian Youth* assists the classroom teacher school counselor and administrator in relating to gay and lesbian youth and creating accepting and supportive learning climates David Campos begins with a discussion of the current state of affairs regarding gay and lesbian youth in schools including a discourse on the developmental milestones and provides practical strategies for working effectively with these students The text concise yet comprehensive features Two surveys to assess school climates toward gay and lesbian youth Quizzes about gay and lesbian issues Personal stories by gay and lesbian youth and adults Perhaps the most salient feature of *Understanding Gay and Lesbian Youth* is that each chapter poses a series of questions relating to today s society such as Why are gay and lesbian youth considered at risk How does the development of gay and lesbian youth differ from that of heterosexual youth What do I do if a student tells me he or she is gay or lesbian

Straight Skin, Gay Masks and Pretending to be Gay on Screen Gilad Padva, 2020-05-11 *Straight Skin Gay Masks and Pretending to Be Gay on Screen* examines cinematic depictions of pretending to be gay assessing performances that not only reflect heteronormative and explicitly homophobic attitudes but also offer depictions of gay selfhood with more nuanced multidirectional identifications The case of straight protagonists pretending to be gay on screen is the ideal context in which to study unanticipated progressivity and dissidence in regard to cultural construction of human sexualities in the face of theatricalized epistemological collapse Teasing apart the dynamics of depictions of both sexual stability and fluidity in cinematic images of men pretending to be gay offers new insights into such salient issues as sexual vulnerability and dynamics and long term queer visibility in a politically complicated mass culture which is mostly produced in a heteronormative and even hostile cultural environment Additionally this book initially examines queer uses of sexuality masquerade in Alternate Gay World Cinema that allegorically features a world pretending to be gay in which straights are harassed and persecuted in order to expose the tragic consequences of sexual intolerance Films and TV series examined as part of the analysis include *The Gay Deceivers* *Victor Victoria* *Happy Texas* *William Friedkin s Cruising* and many other straight and gay screens This is a fascinating and important study relevant to students and

Warren Blumenfeld,1992-06-13 The hatred of lesbians gay males and bisexuals remains an acceptable prejudice in our society despite the widespread damage it causes in all of our lives Inviting sexual minorities and heterosexual men and women to become allies in the fight against homophobia the contributors to this anthology explore how homophobia colludes with sexism by forcing people into rigid gender roles how homophobia causes unnecessary pain and alienation in family relationships how it works against health care policy and arts administration that would benefit all members of society and how homophobia leaves the policies of religious insitutions unfulfilled In both personal and analytical essays the contributors show how the fight to end homophobia is everyone s fight if we are to bring about a less oppressive and more productive society They offer concrete suggestions on transforming attitudes behaviors and institutions *Your Life Experiences with*

Boundaries J. Ari Kane-Demaio,2010-12-31 Transgender has become a convenient umbrella term to cover a collectivity of individuals including cross dressers transvestites transsexuals and intersexuals who do not conform to traditional norms of gender identity or behavior Until recent centuries transgender behavior has rarely been the subject of scholarly or public attention During the 20th century medical advances in hormone therapy and reconstructive surgery the worldwide publicity generated by the Christine Jorgensen story in the 1950s and the popularity of such plays and movies as *La Cage Aux Folles* and *The Birdcage* make the subject much more visible for society This book is a compilation of autobiographies of women and men who openly describe their different and often very difficult journeys frankly Using a decade by decade format the contributors provide the reader with critical insights into the process of realization that led to their various gender expressions The contributors include homosexuals heterosexuals and bisexuals and their life stories make clear that a good deal of diversity exists within the gender community A thorough introduction by the editors provides many insights into gender issues from a biological socio anthropological and historical perspective *Bibliotheca Lindesiana* James Ludovic
