Journey From Petersburg To Moscow Russian Text:

Self and Story in Russian History Laura Engelstein, Stephanie Sandler, 2000 Russians have often been characterized as people with souls rather than selves This study considers the stories of self of men and women across 200 years from peasants to Tolstoy as 15 historians and literary scholars situate narratives of self in their historical context

Authenticity and Fiction in the Russian Literary Journey, 1790-1840 Andreas Schönle, 2000 In illuminating analyses of major texts as well as lesser known but influential works Andreas Sch nle surveys the literary travelogue a form marked by a fully developed narrator s voice interpretive impressions scenic descriptions and extended narrative from its emergence in Russia to the end of the Romantic era

Breaking Ground Sara Dickinson, 2006-01-01 Breaking Ground examines travel writing s contribution to the development of a Russian national culture from roughly 1700 to 1850 as Russia struggled to define itself against Western Europe Russian examples of literary travel writing began with imitative descriptions of grand tours abroad but progressive familiarity with the West and with its literary forms gradually enabled writers to find other ways of describing the experiences of Russians en route Blending foreign and native cultural influences writers responded to the pressures of the age to Catherine II Napoleon and Nicholas I for example both by turning inward to focus on domestic touring and by rewriting their relationship to the West This book tracks the evolution of literary travel writing in this period of its unprecedented popularity and demonstrates how the expression of national identity the discovery of a national culture and conceptions of place both Russian and Western European were among its primary achievements These elements also constitute travel writing s chief legacy to prose fiction breaking ground for the later masterpieces of writers such as Turgenev Dostoevsky and Tolstoy For literary scholars historians and other educated readers with interests in Russian culture travel writing comparative literature and national identity

The Oxford Handbook of the Russian Novel Julie A. Buckler, Justin Weir, 2025 The Oxford Handbook of the Russian Novel brings together top specialists in Russian literature to treat the Russian novel from the late 18th to the 21st century using a range of interpretive perspectives The Russian novel is a distinctive tradition by virtue of its formal eccentricities as well as the boldness with which these works approached the most complex philosophical political and moral questions This Handbook treats well known works and authors but also explores the much broader tradition of the Russian novel up to the present The essays in the Handbook provide cultural and historical perspectives on the Russian novel as well as showcasing emergent modes of analysis including postcolonialism ecocriticism and posthumanism

The First Russian Radical David Marshall Lang, 2021-12-19 When this was originally published in 1959 it was the first full length biography of Alexander Radishchev published outside Russia and was based on hitherto unpublished material memoir literature and Radishchev s own writings Radishchev occupies a notable position in the history of European social thought as the first writer to apply the criteria of the Western Age of Reason to conditions in Tsarist Russia Sentenced to death on the orders of Catherine the Great and subsequently exiled in Siberia Radishchev stands

out as the first great figure of the Russian radical intelligentsia and the first literary victim of Tsarist official intolerance

Republicanism in Russia Oleg Kharkhordin, 2018-11-05 Marxism was the loser in the Cold War but Oleg Kharkhordin is not surprised that liberal democracy failed to take root after the Soviet Union's dissolution. He suggests that Russians find a path to freedom by looking to the classical tradition of republican self-government and civic engagement already familiar from their history and literature.

A History of Russian Economic Thought John M. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1964.

A History of Russian Economic Thought John M. Letiche, 1964 **Brodsky Abroad** Sanna Turoma, 2010-05-26 Expelled from the Soviet Union in 1972 and honored with the Nobel Prize fifteen years later, poet Joseph Brodsky in many ways fits the grand tradition of exiled writer. But Brodsky's years of exile did not render him immobile; though he never returned to his beloved Leningrad, he was free to travel the world and write about it. In *Brodsky Abroad*, Sanna Turoma discusses Brodsky's poems and essays about Mexico, Brazil, Turkey, and Venice, challenging traditional conceptions behind Brodsky's status as a leading migrant poet and major descendant of Russian and Euro-American modernism. She relocates the analysis of his travel texts in the diverse context of contemporary travel and its critique. Turoma views Brodsky's travel writing as a response not only to his exile but also to the postmodern and postcolonial landscape that initially shaped the writing of these texts. In his Latin American encounters, Brodsky exhibits disdain for third-world politics and invokes the elegiac genre to reject Mexico's postcolonial reality and to ironically embrace the romanticism of an earlier Russian and European imperial age. In an essay on Istanbul, he assumes Russia's ambiguous position between East and West as his own to negotiate a distinct and controversial interpretation of Orientalism. And Venice, the emblematic tourist city, becomes the site for a reinvention of his lyric self as more fluid, hybrid, and cosmopolitan. *Brodsky Abroad* reveals the poet's previously uncharted trajectory from alienated dissident to celebrated man of letters and offers new perspectives on the geopolitical, philosophical, and linguistic premises of his poetic imagination.
