Why Borders Matter Frank Furedi, 2020-05-13 Western society has become estranged from the borders and social boundaries that have for centuries given meaning to human experience This book argues that the controversy surrounding mass migration and physical borders runs in parallel and is closely connected to the debates surrounding the symbolic boundaries people need to guide on the issues of everyday life Numerous commentators claim that borders have become irrelevant in the age of mass migration and globalisation Some go so far as to argue for No Borders And it is not merely the boundaries that divide nations that are under attack The traditional boundaries that separate adults from children or men from women or humans from animals or citizens and non citizens or the private from the public sphere are often condemned as arbitrary unnatural and even unjust Paradoxically the attempt to alter or abolish conventional boundaries coexists with the imperative of constructing new ones No Border campaigners call for safe spaces Opponents of cultural appropriation demand the policing of language and advocates of identity politics are busy building boundaries to keep out would be encroachers on their identity Furedi argues that the key driver of the confusion surrounding borders and boundaries is the difficulty that society has in endowing experience with meaning The most striking symptom of this trend is the cultural devaluation of the act of judgment which has led to a loss of clarity about the moral boundaries in everyday life The infantilisation of adults that runs in tandem with the adultification of children

offers a striking example of the consequence of non judgmentalism Written in a clear and direct style this book will appeal to students and scholars in cultural sociology sociology of knowledge philosophy political theory and cultural studies

Well-Dressed Role Models Gale Eaton, 2006-06-08 This study provides a qualitative exploration of juvenile biographies of women a genre defined here as a book dealing with the whole or partial life of an individual and reviewed as nonfiction for readers in elementary middle or junior high school Beginning with a survey of juvenile material on Elizabeth Tudor published in England and the United States between 1852 and 2002 author Gale Eaton scrutinizes thirty four books juvenile biographies histories and collected biographies for trends

in both content and rhetoric Well Dressed Role Models The Portrayal of Women in Biographies for Children then goes on to look at close readings of books published in the United States in the years 1946 1971 and 1996 and presents a penetrating analysis of a genre that serves the needs of youth The findings of this study include the fact that juvenile biographies make role models out of women who in many cases never would have become famous by following all the rules for good girls By choice of subject and emphasis their authors dress the life stories of real women in the appropriate values of new generations Three appendixes providing annotated book lists for each of the three years analyzed conclude this study

My Friend Natalia Laura Lindstedt, 2021-03-23 New York Times Book Review Editors Choice Entertainment Weekly Best Books of the Month Buzzfeed Spring Books We Couldn't Put Down One of Finland's most dynamic novelists bursts onto the American literary scene with this erotic story of an ambitious therapist's sessions with an unforgettable patient Natalia cannot stop thinking about sex With this mesmerizing tale of one woman's potent affliction award winning Finnish writer Laura Lindstedt makes her American debut Narrated by an unnamed ungendered therapist who leaps at the chance to employ their most experimental methods My Friend Natalia offers a gripping examination of the power dynamics always present but rarely ever spoken about in therapy Something flared within me the therapist notes and it wasn't merely sympathy the emotion I feel for most of my clients It was more like a sudden experience of harmony wholly inappropriate given the circumstances It is clear from the moment Natalia barges into her new therapist's office that she has motives beyond simply fixing her sex life She is quick to mention that the same exact painting hanging on the therapist's wall an abstract piece titled Ear Mouth once hung in her grandmother's living room This comment deeply unsettles the therapist as does the large alarm clock that Natalia brings with her intent on timing the sessions herself And the tape recorder At first Natalia seems to play along with the rules of therapy She partakes in the therapist's pain displacement exercises word games and even produces a few anatomical illustrations She muses on the art of pornography and boldly examines seminal figures like Simone de Beauvoir and Jean Paul Sartre about whom she poses the question Did Jean Paul consider Simone a woman at all Or was she nothing but a pencil sharpener By combining philosophy and literature repressed childhood memories and explicitly unrepressed erotic experiences the sessions quickly shed all inhibitions Still the therapist can't help but wonder What does Natalia really want Brilliantly translated by the award winning David Hackston My Friend Natalia buzzes in prose charged with sharp banter and double entendres as the therapist hurls strange and hilarious experimental exercises at Natalia and their work builds to an explosive climax In taking a deconstructive yet utterly scintillating approach to the self help narratives of our time Laura Lindstedt emerges as a rare and unflinching international literary talent

Writing for Immortality Anne E. Boyd, 2010-01-01 Before the Civil War American writers such as Catharine Maria Sedgwick and Harriet Beecher Stowe had established authorship as a respectable profession for women But though they had written some of the most popular and influential novels of the century they accepted the taboo against female

writers regarding themselves as educators and businesswomen During and after the Civil War some women writers began to challenge this view seeing themselves as artists writing for themselves and for posterity Writing for Immortality studies the lives and works of four prominent members of the first generation of American women who strived for recognition as serious literary artists Louisa May Alcott Elizabeth Stuart Phelps Elizabeth Stoddard and Constance Fenimore Woolson Combining literary criticism and cultural history Anne E Boyd examines how these authors negotiated the masculine connotation of artist imagining a space for themselves in the literary pantheon Redrawing the boundaries between male and female literary spheres and between American and British literary traditions Boyd shows how these writers rejected the didacticism of the previous generation of women writers and instead drew their inspiration from the most prominent literary writers of their day Emerson James Barrett Browning and Eliot Placing the works and experiences of Alcott Phelps Stoddard and Woolson within contemporary discussions about genius and the American artist Boyd reaches a sobering conclusion Although these women were encouraged by the democratic ideals implicit in such concepts they were equally discouraged by lingering prejudices about their applicability to women
