

# Essay Introduction Example

*Although there is no scientific proof or solid evidence for that, a significant number of parents believe that the cases of autism are clearly linked to the side effects of vaccination. According to Healthlink BC Canada, studies have been made regarding the timing of the vaccination and the cases of autism, which has resulted in zero clinical evidence regarding the link between the two. A far greater danger is the lack of vaccination that can easily place a child in danger as the myths and false beliefs make parents believe that they are actually trying to prevent a child from appearing on the autism spectrum. Starting with the epidemiologic evidence and up to mental health factors, this essay focuses on genetic and psychology studies to outline the facts and resolve the myths. Choosing the MMR vaccine as the sample of studies, the research conducted shows that there is no scientific evidence between vaccination and the cases of autism.*
