Media Literacy Melissa Hart, 2008 Help students learn to think critically about the thousands of media messages they encounter each day via art music video games radio TV websites newspapers magazines ads and packaging The standards based activities in this book require students to deconstruct examine discuss

and create media messages As they develop media literacy they learn to make thoughtful informed decisions *Plotting Apocalypse* Jennie Chapman,2013-09-13 It is the not too distant future and the rapture has occurred Every born again Christian on the planet has without prior warning been snatched from the earth to meet Christ in the heavens while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels co written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007 But these books are more than fiction it is the sincere belief of many evangelicals that these events actually will occur soon *Plotting Apocalypse* delves into the world of rapture prophecy and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project Through penetrating readings of the novels Chapman shows how the series offers a new model of evangelical agency for its readership The novels teach that although believers are incapable of changing the course of a future that has been preordained by God they can become empowered by learning to read the prophetic books of the Bible and the signs of the times correctly Reading and interpretation become key indices of agency in the world that Left Behind limns *Plotting Apocalypse* reveals the significant cultural work that Left Behind performs in developing a counter narrative to the passivity and fatalism that can characterize evangelical prophecy belief Chapman s arguments may bear profound implications for the future of American evangelicalism and its interactions with culture society and politics

Journal of the American Veterinary Medical Association American Veterinary Medical Association,2006 Vols for 1915 49 and 1956 include the Proceedings of the annual meeting of the association Women in Pediatrics Nancy D.

Spector,Jennifer K. O'Toole,Barbara Overholser,2022-05-11 Women comprise the majority of pediatricians in the United States and yet there has been slow progress in leadership diversity and equity in the field overall While there have been many academic journal articles that examine women s roles challenges and successes in the field there is not one overarching book that follows the path of women into the profession the challenges they encountered in the early years and still encounter the successes they ve had and what the future might look like This book fills that gap in medical literature Because women are so well represented in the field one would think that pediatrics should be leading the way in gender equity achievements but this is not the case This text examines the disparities the boundaries that are in place the impact of

intersectionality on equity the toll gender discrimination has on the health and wellness of women in pediatrics and best practices that can help achieve gender equity in the field The COVID 19 pandemic has exacerbated the disparities that women and in particular women with intersectionality face This book also examines the immediate impact of the pandemic on women in pediatrics what future implications may be and how we can potentially mitigate them Equity strategies that can be implemented by healthcare institutions professional societies and other medical organizations are also discussed The book is divided into three main sections The first section gives an overview of the history of women in pediatrics by describing stories of early leaders and the early days of women in pediatrics The second section reviews the current state of affairs in women in pediatrics Chapters in this section detail women entering and practicing in pediatrics leadership women of color women conducting research national campaigns and efforts focused on gender equity and childbearing adoption motherhood and eldercare by women in pediatrics The final section describes the future of women in pediatrics The seven chapters in this section discuss leaders in pediatrics supporting women policies and programs to advance equity allies in gender equity efforts research funding and publication for women networking mentorship sponsorship coaching and career development activities advocacy efforts and supporting the health and wellbeing of women in pediatrics Written by experts in the field Women in Pediatrics is a valuable resource for all pediatricians in academic or community based medicine as well as those involved in pediatric sub specialties On a broader level this text is also of interest to all other women involved in medicine and science
