

Autobiography

My name is Michael Smith and I was born on the 30th of August, 1967 in Long Beach, California. My parents were Eddie Smith and Joan Smith. Both of my parents are deceased. My mom died at the age of 57 in 1994 from lung cancer which was the result of smoking her whole lifetime. My father died at the age of 69 in 2006 from a massive heart attack, which was also the likely result from a lifetime of smoking. Fortunately I have been smart enough to avoid that bad habit.

My early childhood was a typical middle class environment circa the 1960's. My dad worked for Simpson Buick as a parts salesman and my mom was a stay at home mother. I had a happy, normal childhood as an only child, leaving me somewhat spoiled. My mom and dad divorced when I was eight years old and both remarried within a year or so of the divorce. My dad remained married to my stepmom Bev until his death. My mom would marry two more times. My first stepdad Vince became a big part of my life and I maintained close contact with him until his death in 2006, two days after my real dad died. Yes, that was a very bad week, losing both of my dads.

Growing up with split parents was not especially difficult since each of my parents kept me out of their divorce and they got along fine at events where both of them were present. I lived with my mom until I was 16 and in high school. By my sophomore year in high school I had begun to hang around with friends that got me into a lot of trouble with a number of things including smoking pot and drinking. I was rapidly heading down a negative path, but was fortunate enough to notice it before I had done any serious damage. I moved in with my dad and changed high schools and friends.

Nolan Gasser

Mala Autobiography Essay Example:

Why You Like It Nolan Gasser, 2019-04-30 From the chief architect of the Pandora Radio's Music Genome Project comes a definitive and groundbreaking examination of why we respond to music the way we do. Everyone loves music. But what is it that makes music so universally beloved and have such a powerful effect on us? In this sweeping and authoritative book, Dr. Nolan Gasser, a composer, pianist, and musicologist and the chief architect of the Music Genome Project, which powers Pandora Radio, breaks down what musical taste is, where it comes from, and what our favorite songs say about us. Dr. Gasser delves into the science, psychology, and sociology that explains why humans love music so much, how our brains process music, and why you may love Queen but your best friend loves Kiss. He sheds light on why babies can clap along to rhythmic patterns and reveals the reason behind why different cultures around the globe identify the same kinds of music as happy, sad, or scary. Using easy-to-follow, notated musical scores, Dr. Gasser teaches music fans how to become engaged listeners and provides them with the tools to enhance their musical preferences. He takes readers under the hood of their favorite genres: pop, rock, jazz, hip-hop, electronica, world music, and classical, and covers songs from Taylor Swift to Led Zeppelin to Kendrick Lamar to Bill Evans to Beethoven, and through their work, Dr. Gasser introduces the musical concepts behind why you hum, along, tap your foot, and feel deeply. **Why You Like It** will teach you how to follow the musical discourse happening within a song and thereby empower your musical taste so you will never hear music the same way again. Panikkar's Residence In The Former Princely States: His Eventful Official Life As An Outstanding Diplomat First In China, Then In Egypt And France, And Finally His Significant Contributions To Indian Historiography. All These Form Part Of The Story Of His Life. Translated Here For The First Time From The Original Malayalam. Slightly Shop Soiled. [Jerome S. Bruner beyond 100](#) Giuseppina Marsico, 2015-12-08 This book celebrates the 100th birthday of Jerome S. Bruner, one of the most relevant scholars in contemporary psychology. It shows how Bruner's oeuvre and contributions to psychology, education, and law are still applicable today and full of unexplored possibilities. The volume brings together contributions from Bruner's students and colleagues, all of whom use his legacy to explore the future of psychology in Bruner's spirit of interpretation. Rather than being a mere celebration, the volume shows a genuine interest for the emergence of the novelty and examines the potentialities of Bruner's work in cultural psychology, discussing such concepts as ambivalence, intersubjectivity, purpose, possibilities, and wonderment. Combining international and interdisciplinary perspectives, this volume tells the tale of Jerome Bruner's academic life and beyond. **A Broken Beauty** Theodore L. Prescott, 2005 *A Broken Beauty* examines recent ideas about beauty and the human image in light of the Western Classical and Christian traditions of the human figure. The book's five essays trace the historical fusion of Classical and Christian ideas about beauty as well as their rejection by much modern art, provocatively suggesting that the difficulties encountered by the beautiful in modernity may be related to a loss of faith.

This volume culminates in a look at fifteen postmodern North American artists whose haunting pieces unite brokenness and beauty in a way that is uncommon within contemporary art. These artists like the book's essayists find significance in beauty that is cultivated amidst the perennial human struggle for goodness, meaning, and dignity. Watching Sympathetic Perpetrators on Italian Television Dana Renga, 2019-02-11 This book offers the first comprehensive study of recent popular Italian television. Building on work in American television studies, audience and reception theory, and masculinity studies, *Sympathetic Perpetrators and their Audiences on Italian Television* examines how and why viewers are positioned to engage emotionally with and root for Italian television antiheroes. Italy's most popular exported series feature alluring and attractive criminal antiheroes, offer fictionalized accounts of historical events or figures, and highlight the routine violence of daily life in the mafia, the police force, and the political sphere. Renga argues that Italian broadcasters have made an international name for themselves by presenting dark and violent subjects in formats that are visually pleasurable and for many across the globe, highly addictive. Taken as a whole, this book investigates what recent Italian perpetrator television can teach us about television audiences and our viewing habits and preferences

Italian Literature before 1900 in English Translation Robin Healey, 2011-12-15 *Italian Literature before 1900 in English Translation* provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008. It lists works from all genres and subjects and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors: Dante, Alighieri, Machiavelli, and Boccaccio, and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's *Twentieth Century Italian Literature in English Translation*, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature
