through shared directors inter board and managers inter department at various levels whole aggregate core vs peripheral companies and distribution by country and sector Presenting an empirical case study on all the limited liability or stock companies of the aerospace industry in the European Union and its interlock partners worldwide the authors shed new light on these forms of coordination Moreover they reveal the relevance of shared managers coordination and hybrid manager director interlocks The book applies advanced statistical and social network analysis alike by combining firms attributes e g standard economic financial parameters and topological indices for firms e g centrality and cluster measures By conducting the analysis at both the aggregate network level and the cluster or corporate group level the authors show how extensive and intensive the interlock forms of coordination are especially when dealing with shared managers By testing seven hypotheses concerning the research stream on board interlocks and more broadly inter firm networks the study offers new insights into the role of the financial sector on the relations between interlock coordination and firms performance on the role of geographical technological and organizational proximity and on the relations between interlock coordination and firms size As such this book will appeal to scholars of organization studies business and management studies industrial and evolutionary economics and economic sociology as well as officers and policymakers at anti trust regulation institutions

Enhancing Inter-Firm Networks & Interorganizational Strategies Anthony F. Buono, 2003-07-01 The focus of this volume is on the myriad dynamics associated with these interorganizational ventures Emphasis is placed on 1 understanding the nature of these different interorganizational forms and 2 ways to enhance their effectiveness creating and sustaining complex problem solving capabilities and collaborative tendencies in a multiorganizational environment While the orientation of many of the initiatives and interventions in this volume reflects a traditional organization development OD focus emphasis is placed on working across organizational interfaces attempting to create the capacity and systemic potential for greater interorganizational learning and performance rather than releasing human potential solely within an organization see e.g. Cummings 1984 Consultants and researchers in this realm thus focus on spanning organizations creating and modifying networks of participants that 1 have a stake in particular interorganizational outcomes and 2 depend on those inter firm relationships and networks to accomplish their goals Industrial Clusters and Inter-firm Networks Charlie Karlsson, B"rje Johansson, Roger Stough, 2005-01-01 This well edited volume should be on the shelf of every regional development agency library Its seventeen chapters written by 31 predominantly academic contributors are divided into four coherent sections the first on cluster and network modelling the next on empirical analysis a third on case studies finishing with two chapters on policy analysis and strategies Tony Jackson Journal of Economic Development This book provides a state of the art overview of spatial industrial clusters and inter firm networks Given the prevailing political belief that clusters can be a major vehicle for economic development and growth it is important to have a sound understanding of clusters and how they emerge grow eventually stagnate and disappear It is also vital to know when and how to apply policy measures to support cluster

development in order to increase economic welfare This book illuminates both the theoretical and empirical issues relating to clusters and inter firm networks and presents a number of interesting case studies from a variety of different countries
