Wickramasinghe,Chandana Alawattage,2012-08-21 Written by two experienced lecturers this is the first student centered textbook to bridge the technical and theoretical aspects of management accounting change Packed full of pedagogical features including mini cases learning outcomes key terms article summaries key concept boxes real world cases chapter summaries and further reading suggestions and resources it is clear and accessibly written covering all the major emerging topics in management accounting theory Discussing technical developments in management accounting from conventional cost accounting to contemporary strategic management accounting and beyond in four parts it shows how conventional cost accounting techniques and management control models evolved in line with the development of mass production and bureaucracy explores how recent developments such as customer and strategic orientations in business flexible manufacturing post bureaucracy network and virtual organizational technologies implicate in management accounting provides a number of alternative theories through which the transition of management accounting from mechanistic to post mechanistic approaches can be explained elaborating both rational and interpretive critical theories This excellent text meets a desperate need for an advanced management accounting textbook that incorporates theory and practice and is accessible and engaging for all those studying in this challenging area **Digitization of the Management Accounting Function**

Oliver Holtkemper,2020-10-27 This book analyzes the impact of digitization on management accounting in five manufacturing companies It is one of the first in depth empirical studies on the intersection of management accounting and digitization The study suggests that there are two archetypes of digitization of the management accounting function The first archetype emphasizes top down driven changes that aim to enhance efficiency such as conducting tasks with a higher degree of automation in a leaner structure with fewer resources The second archetype is strongly driven and initiated by employees in the management accounting function bottom up The focus is on improving the use of data by applying innovative analytics methods integrating additional sources of data and benefiting from new technologies like artificial intelligence The results of

the study also indicate that digitization of the management accounting function is mostly in line with the overall company strategy

Financial and Managerial Accounting Jerry J. Weygandt, Paul D. Kimmel, Jill E.
