Metaphysical Ramblings The Secret Of The Universal Psychic Force:

Metaphysical Ramblings Kim Patrick Hart, Rodolfo M. Labourdette, 2014-12-19 Ten years ago two friends started studying philosophy. As they read and discussed the works of the great thinkers of the past they saw a common thread of thought. They called it the Universal Psychic Force. *Metaphysical Ramblings The Secret of the Universal Psychic Force* provides answers to the great questions of life: Who am I? Why am I here? What is the purpose of life? Is there a spiritual existence after this one? Philosophers have been wrestling with these issues for centuries, and their answers to these basic problems of existence are remarkably similar. *Metaphysical Ramblings* reviews the works of ten great philosophers and incorporates the common elements of each into one unified philosophy of life. The book also examines four major religions and points out similarities between their main beliefs and philosophical thought developed over centuries. The Theory of the Universal Psychic Force suggests we are all part of one spiritual entity that has and always will exist. Periodically we separate from the unified whole and take on human form to interact with other aspects of ourselves. While here we make choices that have consequences. This creates Karma which leads to our own evolution and that of the entire Universal Psychic Force. *Metaphysical Ramblings The Secret of the Universal Psychic Force* is not an intellectual treatise on philosophy but rather a search for truth conducted by two close friends. Written in both English and Spanish it invites all of us to examine our own thoughts on the meaning of life.
