The Jewish Forum ,1928 Homelessness Neil Larry Shumsky,2012-01-16

This book presents an unflinching investigation of homelessness in the United States a problem that has been with us since the arrival of the first English settlers nearly 400 years ago The terms historically used to describe them include bums hobo es migrants street people transients tramps and vagrants Just as varied as the words we have used to describe them are the reasons many people have found themselves living in the land of opportunity without permanent residence The book considers homelessness and its distinctive character in three periods of American history the era of tramps and hobo es in the late 1800s early 1900s the era of transients and migrants in the 1930s and the era of homeless and street people in the last 40 years It clarifies the multiple meanings of the word homeless today and demonstrates that homelessness is a symptom of more than one problem leading to confusion about the issue of homelessness and hampering attempts to reduce its occurrence Author Neil Larry Shumsky PhD also postulates that the treatment of homelessness in England before the colonization of North America laid the foundation of pervasive American attitudes and practices
