L. Menezes, 2005 Mohammed's life by a priest in India who worked from the earliest Islamic sources Muhammad Demi, 2003-07-01 Muhammad is the messenger of Islam Born in Mecca in the year 570 Muhammad grew into a sensitive and thoughtful man who believed deeply in the worship of one true god In his fortieth year Muhammad experienced a revelation from the angel Gabriel that he Muhammad was the messenger of God Over the next twenty three years he received many such revelations all of which were written down by scribes at the time of revelation to become the Koran the sacred scripture of Islam a religion that is practiced by nearly one quarter of the world's population and holds as its most sacred tenet that there is no god but God Through a clear text and stunning illustrations based upon those of traditional Islamic expression the award winning artist Demi here introduces the remarkable life of the Prophet Muhammad for young readers **Faces of Muhammad** John Tolan, 2019-06-11 Heretic and impostor or reformer and statesman The contradictory Western visions of Muhammad In European culture Muhammad has been vilified as a heretic an impostor and a pagan idol But these aren't the

only images of the Prophet of Islam that emerge from Western history Commentators have also portrayed Muhammad as a visionary reformer and an inspirational leader statesman and lawgiver In *Faces of Muhammad* John Tolan provides a comprehensive history of these changing complex and contradictory visions Starting from the earliest calls to the faithful to join the Crusades against the Saracens he traces the evolution of Western conceptions of Muhammad through the Reformation the Enlightenment and the nineteenth and twentieth centuries and up to the present day *Faces of Muhammad* reveals a lengthy tradition of positive portrayals of Muhammad that many will find surprising To Reformation polemicists the spread of Islam attested to the corruption of the established Church and prompted them to depict Muhammad as a champion of reform In revolutionary England writers on both sides of the conflict drew parallels between Muhammad and Oliver Cromwell asking whether the prophet was a rebel against legitimate authority or the bringer of a new and just order Voltaire first saw Muhammad as an archetypal religious fanatic but later claimed him as an enemy of superstition To Napoleon he was simply a role model a brilliant general orator and leader The book shows that Muhammad wears so many faces in the West because he has always acted as a mirror for its writers their portrayals revealing more about their own concerns than the historical realities of the founder of Islam *Mohammed, The Prophet of Islam* HERBERT E.
