Elite Dangerous: Wanted Gavin Deas, 2014-05-15 Set in the world of bestselling computer game ELITE and launched to tie in with the latest version ELITE DANGEROUS a game almost 20 years in the making One of three very distinct but subtly linked novels written by major authors who are fans of the game this novel will be a must buy not only for the 25 000 people who funded the new game on kickstarter but also for all of those fans of the original game When a routine bit of piracy goes wrong the crew of the Song of Stone realise that there s a bounty hunter on their tail One who might finally be able to outclass them The Dragon Queen is feared across space and for good reason But even the bounty hunter doesn t realise what she s been hired to do Or what is in the container she s been sent to retrieve And she s not the only hunter in the game Gavin Deas is the pseudonym used by Stephen Deas and Gavin Smith when writing together *Wanted Undead or Alive* Renee Joiner, 2020-08-28 Forbidden desire meets deadly conspiracy as a vampire princess and a haunted hunter uncover secrets that could destroy them both Amirah an elite vampire and the mastermind behind a prestigious dating agency leads a life of power and independence until the sudden death of a trusted clan member shatters her world With a trail of ash as her only clue Amirah is thrust into a conspiracy that links her past to a mysterious artifact and a dangerous faction with deadly ambitions Enter Luka a brooding hunter burdened by a haunting past Assigned to surveil Amirah his mission grows complicated as he s drawn to the fierce vampire he s meant to destroy As they navigate betrayal forbidden attraction and a tangled web of secrets Amirah and Luka are forced into an alliance against the deadly Rites of Adam a faction intent on wielding supernatural power for their own sinister plans Their journey takes them from gritty city streets to isolated bays and hidden labs with every revelation pulling them deeper into danger For Amirah survival means embracing her true identity as Zara the Supreme Princess and harnessing the power of her ancestral artifact But with enemies lurking at every turn the stakes couldn t be higher In a world where loyalty is scarce and love could be the ultimate weapon Amirah and Luka must decide who to trust before everything they hold dear turns to ash Empires: The First Battle Gavin Deas, 2014-11-13 Two alien invasions Two heroes One Story Collects EMPIRES EXTRACTION and EMPIRES INFILTRATION in one volume This groundbreaking collaboration between two Gollancz authors tells of the invasion of Earth by two different alien races at the same time Two men become aware of the threat and must work to sabotage the invasion plans and see off the aliens Each book follows one hero uncovering the threat to humanity and the world from their point of view Each book can be read on its own and will give the reader a complete kinetic fast paced military SF story But read both books and the reader gets something else another view of some of the same events and crossover points culminating in a bloody battle at Canary Wharf The two books can be read in any order but together they tell the story of humanity caught in the crossfire between two deadly alien races who have made Earth their battleground **Empires: Infiltration** Gavin Deas, 2014-11-20 This groundbreaking collaboration between two Gollancz authors tells of the invasion of Earth by two different alien races at the

same time Two men become aware of the threat and must work to sabotage the invasion plans and see off the aliens Each book follows one hero uncovering the threat to humanity and the world from their point of view Each book can be read on its own and will give the reader a complete kinetic fast paced military SF story But read both books and the reader gets something else another view of some of the same events and crossover points culminating in a bloody battle at Canary Wharf The two books can be read in any order but together they tell the story of humanity caught in the crossfire between two deadly alien races who have made Earth their battleground *Wanted! A Nation!* Claire Bourhis-Mariotti,2023-12-15

Covering the whole of the nineteenth century *Wanted A Nation* reveals how Haiti remained a focus of attention for white as well as Black Americans before during and even after the Civil War Before the Civil War Claire Bourhis Mariotti argues the Black republic was considered by free Black Americans as a place where full citizenship was at hand Haiti was essentially viewed and concretely experienced as a refuge during moments when free Black Americans lost hope of obtaining rights in the United States Haiti is also at the heart of this book as Haitian leaders supported the American emigration to Haiti in the 1820s and early 1860s opposed the American geostrategic and diplomatic diktats in the 1870s and 1880s and finally offered an international platform to Frederick Douglass at the 1893 Columbian World s Fair thus helping Black people who faced discrimination at home to fight first against slavery and the slave trade and then for equal rights By spanning the entire nineteenth century *Wanted A Nation* presents a complex panorama of the emergence of African American identity and argues that Haiti should be considered as an essential prism to understand how African Americans forged their identity in the nineteenth century Drawing on a variety of sources *Wanted A Nation* goes far beyond the usual framework of national American history and contributes to the writing of an Atlantic and global history of the struggle for equal rights

S. Brenner, 2021-12-16 This stunning refreshing work combines the history of economics and the practice of modern development It is predicated on Brenner's view that there is no individual freedom without economic security and that such security depends upon progress in both the natural and social sciences Social institutions determine the pace and direction of technological advancement and scientific and technological achievements determine which forms of social reorganization are possible and which are illusory As all living is action and living implies choices any theory of development must start with the person Economic laws obtain only in relation to specific forms of social existence Advanced societies are technically capable of providing for basic needs but are not yet convinced of their ability to do so Modern life still reflects the fears of a society still trying to escape the anxieties demons and ghosts of a long dark era of unemployment and starvation The problem of development is the contradiction between technological potentials and cultural inheritances *Looking into the Seeds of Time* was originally written with the belief that the growing mastery of nature by humanity would curb egoistic impulses and replace competitive with cooperative goals While the same spirit pervades this new edition the work reveals how political as well as economic processes make the goals of prosperity harder to achieve The work reveals a rare insight into the mechanisms of the marketplace and how they can be examined in a comparative historical context across nations as different as the United States Great Britain and Japan and from the Reformation to the modern era of bourgeois consolidation This is institutional economics at its very best *Conflict & Challenges - Canada 1800-1850* Gr. 7 Solski, Ruth, Summers, Eleanor, Activities will help students analyze aspects of the lives of various groups in Canada between 1800 and 1850 and compare them to the lives of people in Canada in 1713 1800 Using the historical inquiry process students will be able to investigate perspectives of different groups on some significant

events developments and or issues that affected Canada and or Canadians between 1800 and 1850 Students will describe various significant events developments and people in Canada between 1800 and 1850 and explain their impact Developed to make history curriculum accessible to students at multiple skill levels and with various learning styles The content covers key topics required for seventh grade history and supports the updated 2013 Ontario Curriculum History Grade 7 Topics are presented in a clear concise manner which makes the information accessible to struggling learners There are two levels of questions for each topic Illustrations maps and diagrams visually enhance each topic and provide support for visual learners The reading passages focus on the significant people and historic events that were important to Canadian history between 1800 and 1850 giving students a good overall understanding of this time period 48 Master the Facts game cards review content learned 88 pgs
