Lewis L. Gould

Elizabethan Parliaments 1559 1601 Seminar Studies:

Elizabethan Parliaments 1559-1601 Michael A.R. Graves, Roger Lockyer, 2014-01-14 Michael Graves provides a clear summary of conflicting interpretations of Elizabethan parliaments and presents a new perspective striking a balance between business and politics **Elizabethan Parliaments 1559-1601** Michael A.R. Graves, Roger Lockyer, 2014-01-14 Michael Graves provides a clear summary of conflicting interpretations of Elizabethan parliaments and presents a new perspective striking a balance between business and politics *Early Tudor Parliaments 1485-1558* Michael A.R. Graves, 2014-01-14 This excellent survey looks at the workings of parliament under the first four Tudor monarchs After an introductory first section which looks at parliament's medieval origins the author then considers all aspects of early parliamentary history including the historiography of the early Tudor parliaments membership and attendance the legislative roles of the Lords and Commons and the specific parliaments themselves *Parliamentary Reform in Britain, c. 1770-1918* Eric J. Evans, 2014-07-22 Covers the momentous reforms in the British electoral system during the period from the Great Reform Act of 1832 to 1918 when women were given the vote The study charts the series of Reform Acts right through the period involving rather more attention to those important changes in the 1880s which are often underplayed **The Origins of French Absolutism, 1598-1661** Alan James, 2014-01-14 This controversial study takes the provocative line that the French monarchy was a complete success James turns the idea of royal absolutism on its head by redefining the French monarchy's success from 1598 1661 The Origins of French Absolutism 1598 1661 maintains that building blocks were not being laid by the so called architects of absolutism but that by satisfying long established traditional ambitions cardinal ministers Richelieu and Mazarin undoubtedly made the confident ambitious reign of the late century possible *Moral Play and Counterpublic* Ineke Murakami, 2011-02-25 In this study Murakami overturns the misconception that popular English morality plays were simple medieval vehicles for disseminating conservative religious doctrine On the contrary Murakami finds that moral drama came into its own in the sixteenth century as a method for challenging normative views on ethics economics social rank and political obligation From its inception in itinerant troupe productions of the late fifteenth century moral play served not as a cloistered form but as a volatile public forum This book demonstrates how the genre's apparently inert conventions from allegorical characters to the battle between good and evil for Mankind's soul veiled critical explorations of topical issues Through close analysis of plays representing key moments of formal and ideological innovation from 1465 to 1599 Murakami makes a new argument for what is at stake in the much discussed anxiety around the entwined social practices of professional theater and the emergent capitalist market Moral play fostered a phenomenon that was ultimately more threatening to the peace of the realm than either theater or the notorious market a political self consciousness that gave rise to ephemeral non elite counterpublics who defined themselves against institutional forms of authority *America in the Progressive Era, 1890-1914* Lewis L. Gould, 2014-05-12 America in the Progressive Era 1890 1914 provides a readable

analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated American politics and culture around the turn of the twentieth century Covering the turbulent 1890s and the era of Theodore Roosevelt and Woodrow Wilson the book covers the main political and policy events of a period which set the agenda for American public life during the remainder of the twentieth century Key features include A clear account of the continuing debate in the United States over the role of government and the pursuit of social justice A full examination of the impact of reform on women and minorities A rich selection of documents that allow the historical actors to communicate directly to today's reader An extensive Bibliography providing a valuable guide to additional reading and further research Based on the most recent scholarship and written to be read by students America in the Progressive Era makes this turbulent period come alive

The First World War Peace Settlements, 1919-1925 Erik Goldstein, 2013-10-11 The First World War changed the face of Europe two empires the Austro Hungarian Empire and the Ottoman Empire collapsed in its wake and as a result many of the boundaries of Europe were redrawn and new states were created The origins of many of the international crises in the late twentieth century can be traced back to decisions taken in these critical years Yugoslavia being the most obvious example An understanding of the peace settlements is thus crucial for any student studying international history international relations which is what this book offers This book provides an accessible and concise introduction to this most important period of history

American Abolitionists Stanley Harrold, 2014-09-25 This book the latest in the Seminar Studies in History series examines the movement to abolish slavery in the US from the origins of the movement in the eighteenth century through to the Civil War and the abolition of slavery in 1865 Books in this Seminar Studies in History series bridge the gap between textbook and specialist survey and consists of a brief Introduction and or Background to the subject valuable in bringing the reader up to speed on the area being examined followed by a substantial and authoritative section of Analysis focusing on the main themes and issues There is a succinct Assessment of the subject a generous selection of Documents and a detailed bibliography Stanley Harrold provides an accessible introduction to the subject synthesizing the enormous amount of literature on the topic American Abolitionists explores the roles of slaves and free blacks in the movement the importance of empathy among antislavery whites for the suffering slaves and the impact of abolitionism upon the sectional struggle between the North and the South Within a basic chronological framework the author also considers more general themes such as black abolitionists feminism and anti slavery violence For readers interested in American history

Fascism and the Right in Europe 1919-1945 Martin Blinkhorn, 2014-07-22 This new text places interwar European fascism squarely in its historical context and analyses its relationship with other right wing authoritarian movements and regimes Beginning with the ideological roots of fascism in pre 1914 Europe Martin Blinkhorn turns to the problem torn Europe of 1919 to 1939 in order to explain why fascism emerged and why in some settings it flourished while in others it did not In doing so he considers not just the major fascist movements and regimes of Italy and Germany but the entire range of fascist and

authoritarian ideas movements and regimes present in the Europe of 1919 1945 *India under Colonial Rule: 1700-1885* Douglas M. Peers, 2013-11-05 Between 1700 and 1885 the British became the paramount power on the Indian subcontinent their authority extending from Sri Lanka in the south to the Himalayas in the north It was a massive empire inspiring both pride and anxiety amongst the British and forcing change upon and disrupting the lives of its Indian subjects Yet it is not simply a history of conquest and subjugation or dominance and defeat interaction and interdependency powerfully shaped the histories of all involved The end result was a hybrid empire India may have become by 1885 the jewel in the British crown but by that same year a series of changes had occurred within Indian society that would set the foundations for the modern states of India Pakistan and Bangladesh This book provides a concise introduction to these dramatic changes

American Expansionism, 1783-1860 Mark Joy, 2014-01-14 This new Seminar Study surveys the history of U S territorial expansion from the end of the American Revolution until 1860 The book explores the concept of manifest destiny and asks why if expansion was manifest there was such opposition to almost every expansionist incident Paying attention to key themes often overlooked Indian removal and the US government land sales policy the book looks at both foreign expansion such as the Louisiana Purchase in 1803 and the war with Mexico in the 1840s and internal expansion as American settlers moved west Finally the book addresses the most recent historiographical trends in the subject and asks how Americans have dealt with the expansionist legacy The Collapse of the Soviet Union, 1985-1991 David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesmen Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history **The First World War** Stuart Robson, 2014-09-11 This is a compelling account of the First World War It offers clear analysis of the war on land sea and air and considers the impact of the war on Europe's civilian population Issues addressed include the relationship between war and industrialisation trench warfare the long term effects of the war on changing social structures and economic and demographic consequences The main text is supplemented by a rich selection of primary source material from songs soldiers' slang to diary accounts **The Soviet Union under Brezhnev** William J. Tompson, 2014-07-30 The Soviet Union Under Brezhnev provides an accessible post Soviet perspective

on the history of the USSR from the mid 1960 s to the mid 1980 s It challenges both the evil empire image of the USSR that was widespread in the early 1980 s and the stagnation label attached to the period by Soviet reformers under Gorbachev The book makes use of a range of memoirs interviews archival documents and other sources not available before 1990 to place Brezhnev and his epoch in a broader historical context The author examines high politics foreign policy and policy making explores broader social cultural and demographic trends presents a picture of Soviet society in the crucial decades prior to the upheavals and crises of the late 1980 s While stopping well short of a full scale rehabilitation of Brezhnev Tompson rejects the prevailing image of the Soviet leader as a colourless non entity drawing attention to Brezhnev s real political skills as well as his faults and to the systemic roots of many of the problems he faced The Eisenhower Presidency, 1953-1961 Richard Damms,2016-09-17 This seminar study examines the Eisenhower presidency The author argues that the presidency marked an important stage in the evolution of modern America but left a decidedly mixed legacy for future presidents Domestically Eisenhower pursued a middle way Imbued with a profound distrust of politics and politicians Eisenhower sought as much as possible to concentrate public policy making in the hands of an enlightened elite of public and private experts Internationally Eisenhower s policies exacerbated the nuclear arms race institutionalised the Cold War and extended the East West struggles to new arenas in the Third World This new account offers an up to date synthesis of this newly emerging literature and reviews Eisenhower s record from the mishandling of the Civil Rights movement to the escalation of the arms race and the intensification of the Cold War The United States and the First World War Jennifer D. Keene,2014-07-30 The First World War was a pivotal event in world history but Americans often overlook the importance of their participation in the war The United States and the First World War provides a concise comprehensive and engaging evaluation of the war s significance in American history by examining the causes of the war mobilization on the homefront key social reforms enacted during the war military strategy the experiences of soldiers the Versailles Peace Treaty and the lessons Americans drew in the postwar years from their wartime experiences Was the First World War a just war for the United States This lively and interesting guide full of maps and key primary source documents gives students the resources they need to grapple with this important question and also to analyze how the war changed millions of American lives Women and the First World War Susan R. Grayzel,2013-11-04 The First World War was the first modern total war one requiring the mobilisation of both civilians and combatants Particularly in Europe the main theatre of the conflict this war demanded the active participation of both men and women Women and the First World War provides an introduction to the experiences and contributions of women during this important turning point in history In addition to exploring women s relationship to the war in each of the main protagonist states the book also looks at the wide ranging effects of the war on women in Africa Asia Australia New Zealand and North America Topical in its approach the book highlights the heated public debates about women s social cultural and political roles that the war inspired their varied experiences of war women s representation in

propaganda their roles in peace movements and revolutionary activity that grew out of the war the consequences of the war for women in its immediate aftermath Containing a document section providing a wide range of sources from first hand accounts a Chronology and Glossary Women and the First World War is an ideal text for students studying the First World War or the role of women in the twentieth century *Britain and Empire, 1880-1945* Dane Kennedy, 2014-07-22 Britain and Empire 1880 1945 traces the relationship between Britain and its empire during a period when the two spheres intersected with one another to an unprecedented degree The story starts with the imperial expansion of the late nineteenth century and ends with the Second World War at the end of which Britain was on the brink of decolonisation The author shows how empire came to figure into almost every important development that marked Britain's response to the upheavals of the late nineteenth century and first half of the twentieth century He examines its influence on foreign policy party politics social reforms cultural practices and national identity At the same time he shows how domestic developments affected imperial policies Written in an engaging and accessible manner this book integrates British and imperial history in a single narrative provides a useful synthesis of recent historical research in the area analyses topics ranging from ideology and culture to politics and foreign affairs contains a chronology glossary who's who and guide to further reading Britain and Empire 1880 1945 provides an up to date accessible survey ideal for students coming to the subject for the first time **The Korean War** Steven Hugh Lee, 2013-12-02 Tens of thousands of US soldiers and untold millions of Koreans died in this war the first major arena of the East West conflict This concise international history of the war offers a new approach to its understanding tracing its origins and dynamics to the interplay between modern Korean history and twentieth century world history The narrative also uniquely examines the social history of the conflict and includes material on the newly racially integrated US fighting forces war and disease women and war and life in the Prisoner of War camps While most surveys stop at 1953 with the signing of the armistice Steven Hugh Lee carries the story through to the Geneva Conference in the spring of 1954 the last major international effort before recent years to negotiate a permanent peace for the Korean peninsula

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Elizabethan Parliaments 1559 1601 Seminar Studies**

In some sort of inundated with monitors and the cacophony of fast transmission, the profound power and psychological resonance of verbal beauty usually disappear into obscurity, eclipsed by the continuous barrage of sound and distractions. However, situated within the musical pages of **Elizabethan Parliaments 1559 1601 Seminar Studies**, a interesting function of fictional splendor that pulses with raw emotions, lies an unforgettable journey waiting to be embarked upon.
