Education Department, 1905 **That Pride of Race and Character** Caroline E. Light, 2014-07-04 It has ever been the boast of the Jewish people that they support their own poor declared Kentucky attorney Benjamin Franklin Jonas in 1856 Their reasons are partly founded in religious necessity and partly in that pride of race and character which has supported them through so many ages of trial and vicissitude In *That Pride of Race and Character* Caroline E Light examines the American Jewish tradition of benevolence and charity and explores its southern roots Light provides a critical analysis of benevolence as it was inflected by regional ideals of race and gender showing how a southern Jewish benevolent empire emerged in response to the combined pressures of post Civil War devastation and the simultaneous influx of eastern European immigration In an effort to combat the voices of anti Semitism and nativism established Jewish leaders developed a sophisticated and cutting edge network of charities in the South to ensure that Jews took care of those considered their own while also proving themselves to be exemplary white citizens Drawing from confidential case files and institutional records from various southern Jewish charities the book relates how southern Jewish leaders and their immigrant clients negotiated the complexities of fitting in in a place and time of significant socio political turbulence Ultimately the southern Jewish call to benevolence bore the particular imprint of the region s racial mores and left behind a rich legacy Perverse Titillation Danny Shipka, 2011-07-25 The exploitation film industry of Italy Spain and France during the height of its popularity from 1960 to 1980 is the focus of this entertaining history With subject matter running the gamut from Italian zombies to Spanish werewolves to French lesbian vampires the shocking and profoundly entertaining motion pictures of the Eurocult genre are

discussed from the standpoint of the films and the filmmakers including such internationally celebrated auteurs as Mario Bava Jess Franco Jean Rollin and Paul Naschy The Eurocult phenomenon is also examined in relation to the influences that European culture and environment have had on the world of exploitation cinema The author s insight and expertise contribute to a greater understanding of what made these films special and why they have remained so popular to later generations

An Economic History of Europe Karl Gunnar Persson, 2010-01-28 This concise and accessible introduction to European economic history focusses on the interplay between the development of institutions and the generation and diffusion of knowledge based technologies The author challenges the view that European economic history before the Industrial Revolution was constrained by population growth outstripping available resources He argues instead that the limiting factor was the knowledge needed for technological progress but also that Europe was unique in developing a scientific culture and institutions which were the basis for the unprecedented technological progress and economic growth of the nineteenth and twentieth centuries Simple explanatory concepts are used to explain growth and stagnation as well as the convergence of income over time whilst text boxes figures an extensive glossary and online exercises enable students to develop a comprehensive understanding of the subject This is the only textbook students will need to understand Europe s unique economic development and its global context
