The B. C. Mining Exchange and Investor's Guide and Mining Tit-bits ,1904

Maryland, a Guide to the Old Line State, Best Books on, 1940 compiled by workers of the Writers Program of the Work Projects Administration in the State of Maryland Sponsored by Herbert R O Conor governor of Maryland

An Insider's Guide to the Mining Sector Michael Coulson, 2008-08-26 In 2003 four mining shares rose over four times in price with one gaining ten times In just the first two months of 2004 26 mining shares increased more than 20% with five shares doubling Merrill Lynch s World Mining Trust is the UK s best performing fund over the past three years having risen by over 200 per cent But is the mining boom about to end Not according to this book by Michael Coulson Chairman of the Association of Mining Analysts Coulson argues that if anything we are still in the early stages of prolonged strength in mining stocks and despite what some commentators are saying the boom is far from over

FROM THE BACK COVER The prospect of instant riches gives the mining sector an obvious glamour And when the mining sector begins to run it can be an awesome sight and the excitement generated can be every bit as seductive and heady as that which enveloped markets during the internet boom But due to the counter cyclical nature of many mining stocks they can also offer a valuable refuge when stock markets turn down In this book Michael Coulson gives a masterly overview of the sector explains both the rewards and the pitfalls of investing in mining shares and argues convincingly that mining should once again form a core sector for all investors The book is for anyone interested in mining and particularly mining as an investment Whilst it contains material which will be useful to even experienced followers of the sector its main target is those who are interested in mining but perhaps not particularly familiar with the sector and would like to know more All the subjects are covered that are fundamental to acquiring sufficient knowledge about the mining sector to invest in it with confidence While the mining s

The Conquest of Space Vasil Teigens, Peter Skalfist, Daniel Mikelsten, Although its roots lie in early rocket technologies and the international tensions that followed World War II the space race began after the Soviet launch of Sputnik 1 on October 4 1957 The space race became an important part of the cultural and technological rivalry between the USSR and the United States during the Cold War Modern space exploration is reaching unbelievable areas Mars is the focal point of space exploration In the long term there are tentative plans for manned orbital and landing missions to the Moon and Mars establishing scientific outposts that will then give way to permanent and self sufficient settlements Additional exploration will potentially involve expeditions and settlements on other planets and their moons as well as the establishment of mining and fueling outposts particularly in the asteroid belt Physical exploration outside the solar system will be robotic in the foreseeable future

An Illustrated Guide to the

Federated Malay States Cuthbert Woodville Harrison, 1923 *The WPA Guide to Illinois* Federal Writers' Project, 2013-10-31

During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The Prairie State, nestled in the heart of the Midwest among the Great Lakes and Mississippi River, is finely represented in the WPA Guide to Illinois. The section on Chicago could stand alone as a guidebook in itself, spanning over 100 pages and incorporating the history and tourist attractions of the city. An essay about Abraham Lincoln by then governor Henry Horner, 26 total tours of the state, and a list of 50 books about the state of Illinois are also included in this extensive guide.
