Tollefson, Miguel

Pérez-Milans, 2018-05-07 This Handbook provides a state of the art account of research in language policy and planning LPP Through a critical examination of LPP the Handbook offers new direction for a field in theoretical and methodological turmoil as a result of the socio economic institutional and discursive processes of change taking place under the conditions of Late Modernity Late Modernity refers to the widespread processes of late capitalism leading to the selective privatization of services including education the information revolution associated with rapidly changing statuses and functions of languages the weakening of the institutions of nation states along with the strengthening of non state actors and the fragmentation of overlapping and competing identities associated with new complexities of language identity relations and new forms of multilingual language use As an academic discipline in the social sciences LPP is fraught with tensions between these processes of change and the still powerful ideological framework of modern nationalism It is an exciting and energizing time for LPP research This Handbook propels the field forward offering a dialogue between the two major historical trends in LPP associated with the processes of Modernity and Late Modernity the focus on continuity behind the institutional policies of the modern nation state and the attention to local processes of uncertainty and instability across different settings resulting from processes of change The Handbook takes great strides toward overcoming the long standing division between top down and bottom up analysis in LPP research setting the stage for theoretical and methodological innovation Part I defines alternative theoretical and conceptual frameworks in LPP emphasizing developments since the ethnographic turn including ethnography in LPP historical discursive approaches ethics normative theorizing and transdisciplinary methods and the renewed focus on socio economic class Part II examines LPP against the background of influential ideas about language shaped by the institutions of the nation state with close attention to the social position of minority languages and specific communities facing profound language policy challenges Part III investigates the turmoil and tensions that currently characterize LPP research under conditions of Late Modernity Finally Part IV presents an integrative summary and directions for future LPP research *Branding and Marketing in the Current Economic Era* Sandeep simon Behera, 2021-11-06 Brand and Marketing Two words one ve probably heard thrown around a lot by entrepreneurs and marketers alike But there s a lot more to brand

marketing than you might think What is brand marketing Brand Marketing is a way to promote your product or service by promoting your brand as a whole Essentially it tells your service s or product s story by emphasizing your whole brand In this book I have been talking about some of the best examples of brand marketing from top global brands and discussing how you can take cues from them as you develop your own brand marketing strategies I am also covering what to do and what to avoid with brand marketing to ensure your strategy s success It s important to understand the difference between branding and marketing so one can effectively use them together In essence marketing is how you build awareness of your brand and its products and generate sales and branding is how you express what your business is for and what it s all about Think of marketing as your business generating toolkit and branding as your overall approach to reaching your target audience
