Kessler, MD,2013-08-06 Most people believe that it s natural to gain a lot of weight as we get older But this is not true Kessler knows it s not true because until about 30 years ago we did not have a weight problem in North America In fact throughout history the human body weight stayed pretty much the same People ate the amount of food they needed and no more Then in the 1980s something changed North Americans started gaining a lot of weight What happened in such a short time to add so many millions of pounds to so many millions of people Something had changed in North America but it wasn t us It was our food These processed foods loaded with sugar fat and salt make it almost impossible for some people to stop eating Many years ago the food industry managed to figure out that they could sell more food if it had a lot of sugar fat and salt in it Good food should make you feel full and satisfied But foods that are high in sugar fat and salt have the opposite effect on many people Instead of easing our hunger these foods make us want to eat more Even when we re full even when we re not hungry we feel the need to eat *Hijacked* helps us understand what it is that we re eating and helps us train our brains to know when to stop eating and to stop craving food *Inventing Authenticity* Carrie Helms Tippen,2018-08-12 In *Inventing Authenticity* Carrie Helms Tippen examines the rhetorical power of storytelling in cookbooks to fortify notions of southernness Tippen brings to the table her ongoing hunt for recipe cards and evaluates a wealth of cookbooks with titles like *Y all Come Over* and *Bless Your Heart* and famous cookbooks such as Sean Brock s *Heritage* and Edward Lee s *Smoke and Pickles* She examines her own southern history grounding it all in a thorough understanding of the relevant literature The result is a deft and entertaining dive into the territory of southern cuisine black eyed peas and cornbread fried chicken and fried okra pound cake and peach cobbler and a look at and beyond southern food tropes that reveals much about tradition identity and the yearning for authenticity Tippen discusses the act of cooking as a way to perform and therefore reinforce the identity associated with a recipe and the complexities inherent in attempts to portray the foodways of a region marked by a sometimes distasteful history *Inventing Authenticity* meets this challenge head on delving into problems of cultural appropriation and representations of race thorny questions about authorship and more The commonplace but deceptively complex southern cookbook can sustain our sense of where we come from and who we are or who we think we are *A Girl's Guide to Landing a Greek God* Bill Fuller,2016-04-08 Can a girl from Queens find happily ever after with an honest to goodness Greek god When Angie s big fat Greek wedding goes bust her grandmother sends her on a trip to Greece with the instruction to set sail on a mysterious fishing boat Waiting for her at the dock is Milos who s charming and handsome and confesses he s been crushing on her for years even though he s never met her He also tells her he s a descendant of the original Gods of Olympus who are plotting their return to power Before she can say Oh my God Angie is flying a winged horse alongside Milos and finding love in his arms But there s one little hitch Milos s elders are forcing him to marry the malevolent goddess Electra If Angie is to have any hope of hanging onto Milos she ll have
