From Beyond The Facts Of Reality:

Beyond the Facts James W. Cortada, 2025-08-07 This book describes tacit knowledge what it is how it used and its role in our current data driven world It argues that fuzzy hard to describe information is greater and more important than just hard facts What is tacit knowledge It is what we might consider knowledge that is unable to be fully communicated knowledge that we understand implicitly but it is a bit hard to explain For example it is the kind of knowledge one needs to ride a bicycle but that cannot be described precisely on paper in the way one might be able to explain how to cook a dish Tacit knowledge is the least understood type of information and one of the most difficult to communicate Yet there is more tacit knowledge in our lives than the specific facts one can find in a book on the Internet or in the simple form of a fact This book is designed to introduce the reader to the concept of tacit knowledge and how to recognize and use it This book offers definitions of tacit knowledge and compares the topic to explicit knowledge then describes how the former is used today The author argues that both types are used today and explains how one can use both types of knowledge in their lives Topics include The role of tacit knowledge in business and government The wide use of Knowledge Management techniques in tacit knowledge and the newly emerging set of ideas quietly spreading in the workplace called Critical Systems Thinking How one can understand and apply tacit knowledge How AI can apply tacit knowledge And more This book is essential primer to understanding tacit knowledge and learning how to use it to your advantage

The Truth About Reality Anti Christ, 2008-08-15 This book is for you Anti Christ introduces you to yourself your government and to your god People from all walks of life and religion wonder about the validity of religion Are physical creatures eternal beings cast in a prison of flesh or did life accidentally spring forth from the absurd and incoherent twists and turns of evolution The several kinds of reality this book introduces fill the voids of understanding about reality with real knowledge The book is not about religion spirituality occult or anything concretely physical It encompasses all the deceitful control schemes laid on you like obedient dogs in their traces You cannot afford to stay ignorant for your continued existence depends on knowing what and who you are physically and spiritually The mysteries of life are caused by your belief systems To believe means that you do not know Belief is the portal to hell the permanent state of living death knowledge is the portal to reality and eternal life Science and religion cannot give the insight this book brings Whether you believe the material is for you or not you cannot afford to remain ignorant for the route back to true reality is made clear Ignorance always portrays itself as brilliance The world is full of brilliant pretenders My brother Anti Christ leads you from example to example to understand the hoax on which physical reality is based The more real life seems the more you are betrayed and trapped The greatest mystery in the mind is the mystery of yourself Vaguely you all believe to be strangers guilty of something not understood Anti Christ gives you the better outlook on life than any ideologyism or cult you now subscribe to Through believing clever deceits mankind never saw physical awareness for what it is What humanity endlessly searches for lies revealed in the pages of this book It overrules all human and so called godly knowledge I

Journey through Self and Beyond Harshwardhan Soni,2024-09-07 This book delves into the profound journey of self discovery drawing on the timeless wisdom of the Bhagavad Gita to explore identity transcendence and the nature of existence It examines key themes such as the balance between inner and outer realities overcoming fear through self realization and embracing impermanence and change Through chapters on meditation consciousness and surrender the book offers a path to inner peace and harmony It emphasizes the importance of living in the present moment transcending duality and finding liberation through deeper spiritual understanding

Moving Beyond the Impasse S. Wesley

Ariarajah,2018-10-01 Interfaith dialogue in a plural world This volume is based on the belief that both the ecumenical and interfaith movements are looking for new orientations for their future The forces of globalization communications revolution and massive population movements challenge some of the theological assumptions and presuppositions on which they were built The entry of deep and divisive religious sentiments into the public space and the rise of militant forms of religious expression call on the interfaith movement to move beyond traditional forms of dialogue the challenge is to enter into a deeper engagement on the purpose and role of religious traditions in society The impasse facing these movements can only be overcome by new orientations as they look to the future This volume is not specifically on this problem However the collection of essays included in this volume although first given as lectures or written as articles traces past developments identifies the challenges these movements face today and suggests fresh theological moves to regain the initiatives to bring human communities closer together

Wisdom Beyond Words Sangharakshita,2013-06-14 Ever since the Buddha s lifetime people have been trying to express the ultimate meaning of Buddhism in a form that makes complete rational sense The Prajnaparamita or Perfection of Wisdom teachings offer a giddy counterbalance to this exercise Emerging 2000 years ago as the core teachings of Mahayana Buddhism texts such as the Ratnaguna samcayagatha the Diamond Sutra and the Heart Sutra gave new impetus to the ideal of the Bodhisattva one whose energies are dedicated to the attainment of enlightenment for the sake of all beings

From Mythology to Reality: Moving Beyond Rastafari Seon M. Lewis,2013-10-19 The main thesis of this book is based on the Rastafarian Movement This book presents information about this movement in one place that is largely not known by the many adherents of the faith Moreover this book presents a unique view of the Movement a

view embedded in a Grenadian Caribbean experience This view however is not narrowly placed but is argued within a wider world context and thus explains whether the Rastafarian movement can be a force for good both within the black community and the world at large Editor and author Norm R Allen Jr said that This well researched book expertly demolishes the ridiculous notion among Rastafarians that Emperor Haile Selassie of Ethiopia is God Moreover Lewis offers many excellent critiques of theism the Bible Rastafarianism Afrocentric thought and religion in general This book is informative to everyone

The Reality beyond all Empirical Dealings D B Gangolly , This is the third of a series of small books under the head Satchidaananda Vaak Jyoti or The Enlightening Words of Satchidaananda All these booklets contain a free transliteration of the enlightening and immortal words and teachings of Shri Satchidaanandendra Saraswati Swamiji of revered memory found in his numerous Kannada books Those readers who do not have the facility and advantage of reading and understanding books in the Kannada language will be immensely benefited by these English publications written in simple language and style This small plan of publishing these gems of spiritual literature unrivalled in their esoteric import and teachings of the highest order and based on the pristine pure original Bhashyas of Adi Shankara was first mooted by Shri D B Gangolli a devotee and admirer of Swamiji *Essays on Truth and Reality* F. H. Bradley,1914 **Reality+: Virtual Worlds and the Problems of Philosophy** David J. Chalmers,2022-01-25 One of the Washington Post s Best Nonfiction Books of 2022 A leading philosopher takes a mind bending journey through virtual worlds illuminating the nature of reality and our place within it Virtual reality is genuine reality that s the central thesis of Reality In a highly original work of technophilosophy David J Chalmers gives a compelling analysis of our technological future He argues that virtual worlds are not second class worlds and that we can live a meaningful life in virtual reality We may even be in a virtual world already Along the way Chalmers conducts a grand tour of big ideas in philosophy and science He uses virtual reality technology to offer a new perspective on long established philosophical questions How do we know that there s an external world Is there a god What is the nature of reality What s the relation between mind and body How can we lead a good life All of these questions are illuminated or transformed by Chalmers mind bending analysis Studded with illustrations that bring philosophical issues to life Reality is a major statement that will shape discussion of philosophy science and technology for years to come *Beyond Aesthetics and Politics* Krzysztof Piotr Skowronski,2013-06-01 The book presents five philosophical and axiological studies devoted to the relationship between aesthetics and politics It shows this relationship throughout the works of some avant gardists pragmatists and postmodernists It is also a voice in the discussion about the meaning of the fine arts and aesthetics in the context of the political aims and norms This voice claims that the political dimension of art and aesthetics should be studied much more seriously than it has been till today and needs more courageous re interpretations and re readings
