From Concept To Consumer How To Turn Ideas Into Money:

From Concept to Consumer Phil Baker, 2008-10-22 In *From Concept to Consumer* renowned product developer Phil Baker reveals exactly what it takes to create great products and bring them to market. Baker's product successes range from Apple's PowerBook to the Stowaway portable keyboard, the most successful PDA accessory ever created. Here he walks you through the entire development process, showing how to develop products holistically, reflecting the crucial linkages between product design, engineering, testing, manufacturing, marketing, and distribution. You'll discover what makes a winning product and why great ideas are just 5% of the process; the easiest 5%. You'll find practical guidance for planning, establishing teams, creating marketing requirements, avoiding feature creep, prototyping, protecting intellectual property, market testing, and positioning, preparing for customer service, implementing the optimal distribution strategy, and much more. After you've delivered your first breakthrough product, Baker shows how to follow up with another winner. Optimize your entire product development process. Make everything work together seamlessly from planning and engineering through distribution and marketing. Get breakthrough industrial design without overpaying for it. Deliver products that create a powerful emotional bond with your customer. Time product delivery for maximum competitive advantage. Make sure you don't reach your market too late or too early either. Leverage Asian manufacturing without falling victim to its pitfalls. Successfully coordinate even the most complex worldwide product delivery programs. From Concept to Consumer, 2009 *Just Develop It!* Phil Baker, 2009-10-12 This Element is an excerpt from *From Concept to Consumer How to Turn Ideas into Money* ISBN 9780137137473 by Phil Baker. Available in print and digital formats. Don't stop innovating once you've invented a great new product prototype; how to extend innovation throughout the entire process of getting your product to market. Innovation isn't confined to products; you can bring the same level of creativity to the development process, speeding time to market, reducing development costs, and avoiding bureaucratic delays. Why is this important? Because getting to market first with new technology provides a big competitive edge in establishing a brand and maximizing profit. **Outsourcing** Phil Baker, 2010-01-15 This Element is an excerpt from *From Concept to Consumer How to Turn Ideas Into Money* 9780137137473 by Phil Baker. Available in print and digital formats. When and why to outsource and how to manage Asian outsourcing relationships to maximize profits and minimize risks. You no longer need to be Sony with your own design staff and factories to build world-class products. Where making sophisticated electronic consumer products once was the privileged domain of a few, now virtually anyone can play. The advantage is now to the swift and creative, not the big. But to get that advantage, you must go to Asia. *Invention Isn't Everything* Phil Baker, 2010-01-12 This Element is an excerpt from *From Concept to Consumer How to Turn Ideas Into Money* 9780137137473 by Phil Baker. Available in print and digital formats. The invention is often just 5% of what's involved in making a product succeed. I remember my first day at Polaroid in June 1967. I entered the secure area behind the frosted glass door with 'Product Development' stenciled on it. Behind this door, some of the world's great consumer products were

being invented and engineered The legend of Edwin Land Polaroid s CEO and a modern day Edison permeated the area It was my dream job

Distribution Phil Baker,2010-02-01 This is the eBook version of the printed book This Element is an excerpt from From Concept to Consumer How to Turn Ideas Into Money 9780137137473 by Phil Baker Available in print and digital formats Choose the right distribution for your product assess the tradeoffs and maximize the opportunities Build it and they will come That rarely happens Not only do you need a marketing program but also a plan to get your product to customers What are your choices 1 Sell through retail distribution 2 Supply your product to a marketing company with established channels 3 Sell over the Internet 4 License your product Let s consider each
