From The Teachers Side Of The Desk English Edition:

Bond of the mind - part 1 ENG version Martin Suszka, May doesn't understand today's world and thinks there's no place for her in it. That's why every night when she goes to sleep she travels to another country where she lives her second real life as a member of a guild of hunters. Together with her friends she faces various obstacles and dangers every day on quests to complete tasks that she and her group choose in the guild. The dream world is full of adventure but also danger, pain and death lurking around every corner. Yet for May it is a world where she feels truly at home. Translation by DeepL.

Malaguzzi and the Teachers: Dialogues on Collaboration and Conflict among Children, Reggio Emilia 1990

Carolyn Edwards, Lella Gandini, John Nimmo, 2015-06-18. Three American scholars embarked on a research experience with Loris Malaguzzi and the educators of the Diana School in Reggio Emilia, Italy, in 1990 and share their research here. **The**

Office JT Victor, 2015-04-23. It's a cast of characters that sounds too outrageous to be true: school administrators who disrupt the education of students to pursue pet programs; a superintendent who spends taxpayer dollars to upgrade a private bathroom; and principals that cheat on state testing scores. JT Victor witnessed all that and more when he was a teacher in inner-city public schools, and he shares it all in this candid account that reveals the shortcomings of a system where most of the problems are caused by adults, not students. However, colleges continue to prep future teachers on engaging students and maintaining order in the classroom. Meanwhile, nothing is being done about the people in charge who don't have the best interests of students at heart. Penny-pinching politicians, disinterested parents, and school administrators pretending to be leaders make it nearly impossible for battle-weary teachers to do their jobs. Despite it all, most teachers continue to succeed, and students continue to learn. It all might seem amusing if it didn't involve our children and tax dollars, which is why you need to know what's going on so it doesn't happen at your school. *Round Table*, 1863.
